**P3 KIDZ ABROAD CAMPS**
Prepare yourself for an adventure exploring people, languages, and a culture different from your own! P3 Kidz Abroad offers children entering 1st through 8th grade the opportunity to participate in various one-week language and culture exploration experiences. Choose to transport your minds to France, Italy, Mexico, and Russia. Children may also participate in programs for English as a Second Language. All programs feature cultural activities and language development.

**P3 KIDZ ON THE MOVE**
P3 Kidz on the Move is a program component that is integrated in selective weekly camps. This program is based on the philosophy of developing strong bodies in partnership with strong minds. It focuses on skill-building, coordination, teamwork, and goal-setting in a non-competitive physical atmosphere.

**P3 KIDZ DIGITAL TECHNOLOGY**
Look what is new, immersed in the fabulous world of Digital Technology (DT). DT includes: 2D, 3D and computer camp courses.

Register at ppp.utep.edu • 915.747.5142
Math is Fun
Making math fun is vital to establishing a solid foundation for your child's future academic success. In this course, easy-to-learn techniques with fun games will help students learn basic mathematics and also help them develop confidence in their abilities.

17SKMT1KA1  | Fee: $80  | Meetings: 5
6/5 - 6/9     | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Jr. Space Explorers
Through this course, students will explore the universe and learn all about the planets and solar system. Additionally, students will create their own solar system model using the knowledge acquired during the course.

17SKSC2KP1  | Fee: $80  | Meetings: 5
6/12 - 6/16   | M, Tu, W, Th and F
9 a.m. to 12 p.m.

I Am a Mini Reader
Students will learn the basics of reading by developing phonics, phonemic awareness and vocabulary through the use of sight words.

17SKRD2KA1  | Fee: $85  | Meetings: 5
6/5 - 6/9     | M, Tu, W, Th and F 1 to 4 p.m.

Science Disaster Blaster
This class teaches students about natural disasters (volcanoes, tornadoes, hurricanes, etc.), the Earth's water cycles, and the impact the moon has on our ocean. Additionally, students will be given the opportunity to make mini-versions of various natural disasters in-class.

17SKSC2KP1  | Fee: $85  | Meetings: 5
6/12 - 6/16   | M, Tu, W, Th and F 1 to 4 p.m.

Tackling the Tools of Writing
In this writing-based course, students will enhance their understanding of basic grammar skills. On top of increasing their writing capabilities, students will also build upon their self-confidence. Some of these activities include: daily writing prompts, use of books, letters and much more.

17SKWR3KA1  | Fee: $80  | Meetings: 5
6/19 - 6/23   | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Tumblemania
Students will be introduced to basic gymnastics skills (rolling, hand support and balancing) in a positive, fun and energetic learning environment. Students will also develop their locomotor skills via hopping, skipping and running, as well as improve upon their social awareness skills (sharing, taking turns, and courtesy). Required materials: comfortable clothes, socks and shoes.

17SKHF3KP1  | Fee: $80  | Meetings: 5
6/19 - 6/23   | M, Tu, W, Th and F 1 to 4 p.m.

17SKHF6KA1  | Fee: $80  | Meetings: 5
7/10 - 7/14   | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Start Smart Sports
Through this course, students will build upon their developmental skills in an effort to enhance their performance in different sports. Additionally, students will practice hitting, kicking, catching and throwing balls.

17SKHF4KA1  | Fee: $80  | Meetings: 5
6/26 - 6/30   | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Dinosaur Dig Science
Let's travel back to prehistoric times and discover all kinds of dinosaurs! Discover the different types of dinosaurs and what they looked like. Learn about paleontology and explore different activities that will uncover the ancient Earth.

17SKSC4KP1  | Fee: $85  | Meetings: 5
6/26 - 6/30   | M, Tu, W, Th and F 1 to 4 p.m.

Hands on for Math
In this camp, participants will introduce to the basic principles of math through a variety of activities, games and materials.

17SKMT5KA1  | Fee: $75  | Meetings: 4
7/3 - 7/7     | M, W, Th and F 9 a.m. to 12 p.m.
No class on 7/4

Manners, Math, Art and Fitness
This camp engages participants in learning proper manners, math, art, and fitness. The camp will include hands-on activities where participants will engage with each other, all while having learning fun.

17SKAR5KP1  | Fee: $75  | Meetings: 4
7/3 - 7/7     | M, W, Th and F 1 to 4 p.m.

Working with Spelling & Vocabulary
In this course, participants will work upon their spelling skills through activities to further enhance their vocabulary. Emphasis will also be placed on effective literacy that engages, motivates and helps participants succeed in reading and grammar.

17SKWR6KP2  | Fee: $80  | Meetings: 5
7/10 - 7/14   | M, Tu, W, Th and F 1 to 4 p.m.

Having Fun Learning ABC’s & 123’s
In this camp, participants will use a variety of games, music and activities to grasp an understanding of basic pre-math and literacy skills. This camp will build a foundation for early childhood education.

17SKMT7KA1  | Fee: $80  | Meetings: 5
7/17 - 7/21   | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Lost in Space Science
Through this course, students will explore the universe and learn all about the planets and solar system. Additionally, students will create their own solar system model using the knowledge acquired during the course.

17SKSC7KP1  | Fee: $80  | Meetings: 5
7/17 - 7/21   | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Making Phonics and Reading Fun
Participants will use a variety of games, music, and hands on activities to increase their reading and phonics skills.

17SKRD8KA1  | Fee: $80  | Meetings: 5
7/24 - 7/28   | M, W, Th and F 9 a.m. to 12 p.m.

Painting Numbers & Letters
Students will better their understanding of numbers and letters through various forms of art-based activities (draw, paint and color).

17SKAR8KP1  | Fee: $80  | Meetings: 5
7/24 - 7/28   | M, Tu, W, Th and F 1 to 4 p.m.
Jr. Scientist
Does your child show an interest in science? This course will invoke their inner scientist, as they create experiments using everyday and household materials.

17SKSC9KA1 | Fee: $85 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Kidz Enjoying Exercise
Participants will acquire knowledge of physical fitness concepts and the benefits of an active healthy lifestyle. Participants will engage in locomotor movement patterns that include crawling, running, jumping, hopping, skipping and non-locomotor movements that involve bending, stretching, twisting, and turning, all while having fun.

17SKHF9KP1 | Fee: $80 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Entering Grades 1-2

Ready Set Read!
In this course, students will work upon their independent reading skills by further understanding the use of phonics and word-attacking techniques. Emphasis will also be placed on effective literacy that engages, motivates and helps students succeed in reading and grammar.

17SKRD11A1 | Fee: $80 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Mini Veterinarians Camp
Get ready to explore the exciting world of animal science and veterinary fun during a whole week filled with hands-on experiments. We’ll have visits from many exotic live animals, such as geckos, snakes and gerbils. In addition, students will investigate animal behavior, learn how to tell if an animal is sick, what to do if they find an injured animal, as well as design toys for their pets.

17SKSC11A2 | Fee: $85 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Spanish - Español Para los Chiquitos (Entering Grades 1-2)
The methodology used in this course is ideal for children who do not yet read or are currently learning Spanish. The text book and CD activities focus on auditory comprehension and interactions, and include word recognition, speaking, coloring, drawing and simple exercises to begin developing writing skills.

17SLYS11P1 | Fee: $80 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Jr. Scientists of the Future
This camp will take participants through the process of scientific method. Throughout the camp, students will be able to formulate their own hypothesis for different experiments and put their critical thinking skills to work. At the same time, they will learn science concepts from each experiment, through the use of different chemical reactions.

17SKSC11P2 | Fee: $85 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F 1 to 4 p.m.

The Art Express
This class will give students the opportunity to express themselves through art. They will learn how emotions can make a piece of art unique. They will be encouraged to use various art materials, such as paintbrushes, chalk, charcoal, watercolor, food coloring, etc. to inspire them and create exciting and unique pieces of art.

17SKAR21A1 | Fee: $80 | Meetings: 5
6/12 - 6/16 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Kidz Science Matters
In this camp, participants will be learning about the changing states of matter. Different projects will be performed to observe, manipulate and play with assorted materials. Kids will be making their own bounce balls, a cloud in a jar, ice coloring and much more.

17SKC21A2 | Fee: $85 | Meetings: 5
6/12 - 6/16 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Kidz Sports Zone
This camp utilizes sports and physical activity to promote the development of motor skills and cooperation in young children. Through this physical education program, participants will build strength, self-esteem and confidence, all while having fun with teamwork sporting activities.

17SKHF21P1 | Fee: $80 | Meetings: 5
6/12 - 6/16 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Jr. Chemistry Blast!
Young chemists put on your gloves and safety goggles, as you jump into this fun introduction to chemistry. Students will mix up chemical mixtures to create blue-glowing light, instant snow and goo that climbs up out of its container all by itself. In addition, key chemistry concepts, such as: atoms, polymers, acids and much more will be discussed.

17SKSC21P2 | Fee: $85 | Meetings: 5
6/12 - 6/16 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Learning With Literature
In this camp, participants will get the opportunity to develop a love and confidence in reading. By reading a story and extending it through hands on activities, the story will come to life. Participants will be more skillful in reading, while also increasing their overall understanding of what is being read.

17SKRD31A1 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Kanzas Kidz
This course will allow students to unleash their creative side by using the versatile medium of paint. Students will experiment using various mediums (acrylics, watercolor, shaving foam and food coloring). They will learn to use paint not only with paintbrushes, but with different tools such as sponges, creative stamps, string and straws.

17SKAR31A2 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Kidz Actors’ Theatre Camp
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

17SKPA31P1 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 1 to 4 p.m.

Kidz Science Magnetized
This camp covers basic electricity concepts and magnetism for kids. Activities participants will engage in include making paper circuits, magnetic slime, a magnet powered car and much more. Participants will learn about science, technology, engineering, art and math throughout each experimentation in this camp.

17SKC31P2 | Fee: $85 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 1 to 4 p.m.

Doodles & Design Studios
This class will allow students to learn and create various designs and textures (soft, fuzzy, rough, bumpy, and smooth) using different objects (feathers, beans, foil, string, glue, sand and salt). This class also encourages students to use various art mediums, such as: acrylics, watercolor, pastels, and markers in order to create fun designs.

17SKAR41A1 | Fee: $80 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Animal Wildlife Adventures!
Explore the adaptations that classify animals into their perspective groups (amphibians, reptiles, birds, mammals and fish) through this fun course. Students will also become mini-animal experts, while getting up-close and hands-on with live animals, creating frog slime, learning about habitats and much more.

Register at ppp.utep.edu • 915.747.5142
Cheer Fundamentals: Beginners and Intermediate

This course addresses cheering fundamentals and is designed for individuals of all skill levels. Topics which will be addressed in class include: fundamental and proper technique, stretching, jumping, learning cheers/chants, dancing and much more. At the completion of this course, students will be able to successfully preform an exciting and energized routine with synchronized movements.

17SKKF5010  Fee:  $80  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Working with Spelling & Vocabulary

In this course, participants will work upon their spelling skills with activities to further enhance their vocabulary. Emphasis will also be placed on effective literacy that engages, motivates and helps participants succeed in reading and grammar.

17SKKR41P1  Fee:  $80  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Reading Adventures!

In this course, students will work upon their independent reading skills by further understanding the use of phonics and word-attacking techniques. Emphasis will also be placed on effective literacy that engages, motivates and helps students succeed in reading and grammar.

17SKKD41P2  Fee:  $85  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 9 a.m. to 4 p.m.

Nature’s Science for Kidz

This camp is designed to have participants learn about the biological processes of plants by conducting scientific experiments and observations. Activities include color changing flowers, soil erosion and other projects showing growth of mother nature.

17SKSC51A2  Fee:  $80  Meetings:  4
7/3 - 7/7  M, W, Th and F 9 a.m. to 12 p.m.

Marvelous Math

Marvelous Math is full of hands-on activities that will help children understand concepts, such as addition, subtraction and comparing objects by measurable attributes. An understanding of place value and basic money concepts will also be addressed.

17SKMT51P1  Fee:  $75  Meetings:  4
7/3 - 7/7  M, W, Th and F 1 to 4 p.m.

17SKMT91P1  Fee:  $80  Meetings:  5
7/31 - 8/4  M, Tu, W, Th and F 1 to 4 p.m.

Abracadabra! Wizardry Camp

Discover a magical side of science, as your child engages with fantastic color changing swamp potions, mysterious glowing balls, worm-flavored jelly beans, dragon eggs, magic wands and much more. This enchanting camp will immerse your child through projects, such as turning milk into plastic, or levitating objects off the ground.

17SKSC51P2  Fee:  $80  Meetings:  4
7/3 - 7/7  M, W, Th and F 1 to 4 p.m.

Start Smart Sports

Through this course, students will build upon their developmental skills in an effort to enhance their performance in different sports. Additionally, students will practice hitting, kicking, catching and throwing balls.

17SKHF61A1  Fee:  $80  Meetings:  5
7/10 - 7/14  M, Tu, W, Th and F 9 a.m. to 12 p.m.

17SKHF91A1  Fee:  $80  Meetings:  5
7/31 - 8/4  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Jr. Monster Science Laboratory!

Step inside our frightfully fun scientific lab, if you dare! Join us as we serve chocolate covered bugs, mix up ghostly vampire slime, build a bone bridge, mummy box and much more. In addition, students will also engage with science demonstrations, such as: touching cow eyeballs, making creepy glow liquids, meeting live snakes, frogs, bugs, and other great projects/experiences.

17SKSC61A1  Fee:  $85  Meetings:  5
7/10 - 7/14  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Mix Media Remix

In this class, students will have the opportunity to create fun and enjoyable mixed-media craft projects. They will learn to use different creative techniques (resist art, stamping, embossing and collaging). They will also be encouraged to be creative and learn how to mix and combine different art techniques and substances (rubbing alcohol, glue, food coloring) with various art tools to create interesting art projects.

17SKAR61P1  Fee:  $80  Meetings:  5
7/10 - 7/14  M, Tu, W, Th and F 1 to 4 p.m.

Kidd Physics through Lights, Color & Sounds

Lights, colors and sounds will be explored through the use of physics. Participants will see how light travels and interacts with colors. Additionally, participants will be learning about sound and music through different activities. Kids will see why the sky is blue, make musical water glasses to play a song and conduct many more experiments.

17SKSC61P2  Fee:  $85  Meetings:  5
7/10 - 7/14  M, Tu, W, Th and F 1 to 4 p.m.

Beginnings to Broadway Kidd Acting Camp

This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

17SKPA71A1  Fee:  $80  Meetings:  5
7/17 - 7/21  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Kidz Science Motion: Up & Down

Participants in this camp will engage in a series of fun hands-on activities and experiments that involve making a painting pendulum, balloon rockets and much more. Participants will learn about science, technology, engineering, art and math throughout each experimentation.

17SKSC71A2  Fee:  $85  Meetings:  5
7/17 - 7/21  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Ready to Read & Spell

This camp will provide the opportunity for participants to improve upon their reading skills. Participants will engage in activities to improve comprehension and integration in order to make progress in their reading proficiency.

17SKRD71P1  Fee:  $80  Meetings:  5
7/17 - 7/21  M, Tu, W, Th and F 1 to 4 p.m.

Dr. Zoo-euss Laboratory!

Discover the best of Dr. Seuss by running a wacky zoo and engaging with fantastic scientific experiments. Enjoy live animal visits, build helicopter bugs, meet the real “yertle turtles,” cook-up stretchy
green eggs and ham, create Grinch goo, glupity glup, schlippity schlipp and much more.

17SKSC71P2 | Fee: $85 | Meetings: 5
7/17 - 7/21 | M, Tu, W, Th and F 1 to 4 p.m.

Artful Abstract Adventures
Students will be immersed in the creative imagination of abstract art. This course will allow students to have fun learning about the wonderful world of abstract art in order to create their own works, by combining various techniques and materials (newspaper, tracing paper, tissue paper, tape, markers, acrylics, etc.)

17SKAR81A1 | Fee: $80 | Meetings: 5
7/24 - 7/28 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Spanish for Youth
In this introductory course, students will learn about basic Spanish language elements (vocabulary, phrases, etc.). Topics to be discussed include: the alphabet, everyday greetings, numbers, colors, shapes, days of the week, months, and much more.

17SLYS81A2 | Fee: $80 | Meetings: 5
7/24 - 7/28 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Tackling the Tools of Writing
In this writing-based course, students will enhance their understanding of basic grammar skills. On top of increasing their writing capabilities, students will also build upon their self-confidence. Some of these activities include: daily writing prompts, use of books, letters and much more.

17SKWR81P1 | Fee: $80 | Meetings: 5
7/24 - 7/28 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

H2O Kidz Science
Participants will understand the properties and facts of H2O (water). During the camp, participants will go over water facts, properties and the water cycle. Participants will engage in activities of how clouds go over water facts, properties and the water cycle. Participants will understand the properties and facts of H2O (water). During the camp, participants will go over water facts, properties and the water cycle. Participants will engage in activities of how clouds go over water facts, properties and the water cycle.

17SKSC81P2 | Fee: $80 | Meetings: 5
7/24 - 7/28 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Dinosaurs Alive and Cretaceous Critters!
Discover how large dinosaur footprints were, the methods real paleontologists use in the field, how to identify different dinosaur types and much more in this fun and interactive camp. Students will also examine fossils, shark teeth, ammonites, as well as investigate prehistoric rocks to understand the role they have in deciphering our past.

17SKSC91A2 | Fee: $85 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Kidz STEM Challenge
Participants will be creating marble slides, wind powered cars and other structures for an in-class friendly tournament. Participants will learn about the engineering, mathematical calculations, science, technology and art behind each assignment.

17SKSC91P2 | Fee: $85 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F 1 to 4 p.m.

Scientists of the Future
This camp will take participants through the process of scientific method. Throughout the camp, students will be able to formulate their own hypothesis for different experiments and put their critical thinking skills to work. At the same time, they will be learning science concepts from each experiment through different chemical reactions.

17SKSC13A1 | Fee: $85 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

You Art to Know
This class will allow students to gain knowledge and appreciate the history of art. For example, Pablo Picasso’s cubism period, Salvador Dalí’s surrealism period, and Andy Warhol’s pop art period. They will grab inspiration from famous artists and their techniques to create artworks similar to their style.

17SKAR13A2 | Fee: $80 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Conquering Math
In this camp, participants will cover the basic foundations of mathematical skills necessary for participants to achieve success during their elementary academic years.

17SKMT13A3 | Fee: $80 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Swimming Conditioning and Fitness for Youth (ENTERING GRADES 3-12)
Take the plunge into our pool through this camp. This camp will help you develop your technique, fitness and conditioning. The camp is designed for those who wish to perform four different swimming styles (front crawl, backstroke, breaststroke and butterfly). Change time is incorporated into the allotted timeframe of the course.

Required materials: Please bring a change of clothes, goggles, and towel.

17SKAQ1061 | Fee: $143 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F 1 to 4 p.m.

17SKAQ1062 | Fee: $143 | Meetings: 5
6/12 - 6/16 | M, Tu, W, Th and F 1 to 4 p.m.

17SKAQ1063 | Fee: $143 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 1 to 4 p.m.

17SKAQ1064 | Fee: $143 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F 1 to 4 p.m.

17SKAQ1065 | Fee: $125 | Meetings: 4
7/3 - 7/7 | M, W, Th and F 1 to 4 p.m.

No class on 7/4

Chemistry Blast!
Young chemists put on your gloves and safety goggles, as you jump into this fun introduction to chemistry. Students will mix up chemical mixtures to create blue-glowing light, instant snow and goo that climbs up out of its container all by itself. In addition, key chemistry concepts, such as: atoms, polymers, acids and much more will be discussed.

Easy American Southeaster
Comfort Food for Kidz
Welcome to American southeastern cuisine. Students will learn hands-on guidelines for a variety of homemade cooking methods, such as: roasting, frying and stewing in a smothered gravy sauce. Three broad areas will be discussed: a brief history of foods, food safety preparation and sanitation rules, and cooking techniques and food recipes. Lectures are enhanced by classroom activities, and handouts.

Kidz 3D Video Gaming
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Students will create a 3D game from the ground up, learn the basics of modeling and animation, as well as code the player character, enemies, obstacles and/or puzzles. If time allows, projects will be ported to virtual reality devices.

Youth Empowerment Sport Camps
This camp will incorporate core values such as teamwork, sportsmanship and leadership. The various drills and games will provide participants with a solid foundation in sports and enable participants to retain skills learned in a fun, friendly environment. Our week-long program is designed to teach sports skills through games, exercise and conditioning with an emphasis on nutrition and health.

Fun and Easy 30 Minute Meals for Kidz
In this course, students will prepare a home cooked meal, including dessert in just 30 minutes. This course will help your student learn how to make easy and delicious meals in order to fit family pleasing home cooking into your busy day. Students will be cooking in culinary style with fresh ingredients and fast food preparation. Two broad areas are addressed: food safety guidelines and cooking techniques. Lectures are enhanced by classroom activities and handouts.
17SKLH33P3 | Fee: $125 | Meetings: 5
9 a.m. to 12 p.m.
6/19 - 6/23

Cheer Fundamentals: Beginners and Intermediate
This course addresses cheering fundamentals and is designed for individuals of all skill levels. Topics which will be addressed in class include: fundamental and proper technique, stretching, jumping, learning cheers/chants, dancing and much more. At the completion of this course, students will be able to successfully preform an exciting and energized routine with synchronized movements.
17SKKF5010 | Fee: $80 | Meetings: 5
9 a.m. to 12 p.m.
6/26 - 6/30
M, Tu, W, Th and F

Paint Strokes for Artist
In this course, participants will learn different painting techniques and styles in order to inspire creativity and foster originality. Participants will cover basic color schemes/harmonies, basic painting techniques like gradient blending, wet on wet, underpainting, amongst others. These will be introduced through art projects and exercises.
17SKAR33P4 | Fee: $80 | Meetings: 5
9 a.m. to 12 p.m.
6/19 - 6/23
M, Tu, W, Th and F

Science Germs
Students in this class will be learning about microorganisms and their significance to their health. Additionally, children will have the unique opportunity to perform experiments to observe germs, test disinfectants on them, make germ models and more.
17SKSC43A1 | Fee: $85 | Meetings: 5
9 a.m. to 12 p.m.
6/26 - 6/30
M, Tu, W, Th and F

Kidz Making Computers Feel
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Using a mindstorm LEGO robot, students will create an object such as a vehicle, animal, dinosaur, robot, spaceship, or whatever they can imagine. Their robot will then be programmed through a phone app to move and perform different tasks depending on the shape and its capabilities. This will teach them basic concepts in programming, math and robotics.
17SKIT43P2 | Fee: $185 | Meetings: 5
9 a.m. to 12 p.m.
7/24 - 7/28
M, Tu, W, Th and F

Animals: A Zoology Adventure!
Jump into the animal kingdom through this exciting camp! Experience hands-on animal encounters with reptiles and furry creatures, learn all about zoology, investigate how smart certain animals can be and perform a dissection. In addition, students will learn about snakes, lizards, invertebrates, gerbils, crabs and much more.
17SKSC43P1 | Fee: $85 | Meetings: 5
9 a.m. to 12 p.m.
6/26 - 6/30
M, Tu, W, Th and F

French Camp
This class is designed to immerse children in French language and culture, through a series of interactive and fun activities. A focus will also be placed in enhancing the student’s reading, writing and listening skills.
17SLYF43P3 | Fee: $80 | Meetings: 5
9 a.m. to 12 p.m.
6/26 - 6/30
M, Tu, W, Th and F

Easy Grilling and Baking for Kids
Allow your child to engage with hands-on grilling and baking through this course. Students will learn how to prepare food on a grill both outdoors and indoors, as well as learn a variety of new recipes/cooking techniques, such as: cooking ribs, homemade hamburgers, grilled pizza and much more. Two broad areas will be addressed: grilling food safety guidelines and cooking techniques.
17SKLH43A3 | Fee: $125 | Meetings: 5
9 a.m. to 12 p.m.
6/26 - 6/30
M, Tu, W, Th and F

Jiu Jitsu for Kids [AGES 6-12]
Children will learn the basics of jiu jitsu for the purpose of self defense and building confidence in a safe and monitored environment. Jiu jitsu is a martial art based on controlling opponents, through the use of joint locks, body holds and positioning. It also serves as a great cardiovascular workout.
17SKHF0711 | Fee: $80 | Meetings: 5
9 a.m. to 12 p.m.
6/26 - 6/30
M, Tu, W, Th and F

Kidz Making Computers Move
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Using a mindstorm LEGO robot, students will create an object such as a vehicle, animal, dinosaur, robot, spaceship, or whatever they can imagine. Their robot will then be programmed through a phone app to move and perform different tasks depending on the shape and its capabilities. This will teach them basic concepts in programming, math and robotics.

**P3 KIDZ ON CAMPUS**

**SUMMER CAMPS**

**ENTERING GRADES 3-5**

---

**Nature’s Science**
This camp is designed to have participants learn about the biological processes of plants by conducting scientific experiments and observations. Activities include color changing flowers, soil erosion and other projects showing growth of mother nature.

**17SKSC53P1** | Fee: $80 | Meetings: 4 | 7/3 - 7/7 | M, W, Th and F 1 to 4 p.m.
No class on 7/4

**Igniting Your Potential**
This action-packed camp teaches participants skills and disciplines needed for a lifetime of personal growth, success and development. It will provide students with the skills for personal happiness and success.

**17SKLH53P2** | Fee: $75 | Meetings: 4 | 7/3 - 7/7 | M, W, Th and F 1 to 4 p.m.
No class on 7/4

**Tackling the Tools of Reading**
This class enhances a student’s understanding of reading strategies and comprehension. Students will learn to understand, distinguish differences and similarities, and draw conclusions on the structure and elements of a passage.

**17SKRD53P3** | Fee: $75 | Meetings: 4 | 7/3 - 7/7 | M, W, Th and F 1 to 4 p.m.
No class on 7/4

**Physics through Lights, Color & Sounds**
Lights, colors and sounds will be explored through the use of physics. Participants will see how light travels and interacts with colors. Additionally, participants will be learning about sound and music through different activities. Kids will see why the sky is blue, make musical water glasses to play a song and conduct many more experiments.

**17SKSC63A1** | Fee: $85 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

**A Trip to the Arab World**
A fun, unique course designed to introduce kids to the Arabic language and culture through lots of games and activities. Kids will learn how to introduce themselves and others, exchange simple conversations, and recognize Arabic letters, numbers, colors and shapes. The goal of this course is to equip students with the basic reading, writing, listening and speaking skills in Arabic.

**17SLYA63A2** | Fee: $80 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

**Multicultural Cooking & Baking Recipes for Kidz**
In this course students will learn 4 different food cuisines. The following cuisines are Italian, Asian, Mexican, American and by the end of the week will bake a variety of multicultural desserts. Students will engage in cooking and baking in different techniques and experience the differences in each cuisine cultural. Two broad areas are addressed: food safety preparation and sanitation rules; and cooking techniques and recipes. Lectures are enhanced by classroom activities and handouts.

**17SKLH63A3** | Fee: $125 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

**Guitar Rocks**
In this class, participants will be introduced to the basics of learning how to play guitar. Topics covered include chords, proper hand placement, musical notes and rhythms and simple melodies. This course is designed for students with very little or no prior guitar experience.

**Required materials:** acoustic guitar and guitar pick.

**17SKPA63A4** | Fee: $80 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

**Dr. Frankenstein’s Monster Laboratory!**
Step inside our frightfully fun scientific lab, if you dare! Join us as we serve chocolate covered bugs, mix up ghastly vampire slime, build a bone bridge, mummy box and much more. In addition, students will also engage with science demonstrations, such as: touching cow eyeballs, making creepy glowing liquids, meeting live snakes, frogs, bugs, and other great projects/experiences.

**17SKC63P1** | Fee: $85 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 1 to 4 p.m.

**Kiddz Making Computers Talk**
Explore different areas in technology, design and computer science through this exciting and engaging course. Students will record their own voices and incorporate them to a game-like interactive system in order to voice non-player characters. In addition, this course explores basic concepts in artificial intelligence and chat bots.

**17SKIT63P2** | Fee: $185 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 1 to 4 p.m.

**Karate Camp (AGES 6-12)**
In this class, physical coordination and self-defense skills will be emphasized in an effort to teach students how to work as a team and develop respect, support and cooperation towards others.

Continues for course: A Trip to the Arab World

**17SLYA83A2** | Fee: $80 | Meetings: 5 | 7/24 - 7/28 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Additionally, karate helps children by promoting concentration, mobility, flexibility, psychomotor coordination, discipline and much more.

**17SKHF0712** | Fee: $80 | Meetings: 5 | 7/10 - 7/14 | M, Tu, W, Th and F 1 to 4 p.m.

**17SKHF0713** | Fee: $80 | Meetings: 5 | 7/24 - 7/28 | M, Tu, W, Th and F 1 to 4 p.m.

**Wacky Science Lab!**
Can’t pick a favorite science topic? This course allows students to explore a wide variety of science-based topics. Students will conduct fun and crazy experiences, such as: secure a crime scene, take apart an owl pellet, learn about flying reptiles, create a balloon-powered Mars rover and much more.

**17SKSC73A1** | Fee: $85 | Meetings: 5 | 7/17 - 7/21 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

**Staying Physically Fit**
This camp will encourage physical well-being and encourage a lifetime participation in physical activity (recreational or organized) via simple games that promote the development of motor skills and cooperation to build overall strength, self-esteem, confidence and trust. Participants will acquire knowledge of physical fitness concepts and the benefits of an active healthy lifestyle.

**17SKHF73A2** | Fee: $80 | Meetings: 5 | 7/17 - 7/21 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

**Science Motion: Up & Down**
Participants in this camp will engage in a series of fun hands-on activities and experiments that involve making a painting pendulum, balloon rockets and much more. Participants will learn about science, technology, engineering, art and math throughout each experimentation.

**17SKC73P1** | Fee: $85 | Meetings: 5 | 7/17 - 7/21 | M, Tu, W, Th and F 1 to 4 p.m.

**Sculptures & Beyond!**
This course will give students the chance to build and transform interesting sculptures. They will learn to see art from a three-dimensional perspective. They will have fun creating amazing sculptures using clay, straws, pipe cleaners, paper rolls, cardboard, etc.
Different mediums to create their own unique environment. Every week there will be a different challenge of preparing delicious food, impressing your friends and parents in the process. Obtaining the rewarding feel of being able to prepare amazing meals whenever you want. The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and fun environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

### H2O Science
Participants will understand the properties and facts of H2O (water). During the camp, participants will go over water facts, properties and the water cycle. Participants will engage in activities of how clouds make rain, recreating of an oil spill, the purification process of water and much more.

### Thinking Green & Creating Art
In this class, students will have the opportunity to create fun and interesting art projects using recycled materials (Popsicle sticks, water bottles, bottle caps, tin cans, egg cartons, etc.). This class will teach the principles of recycling through these crafts. This course encourage students to develop their creative and craft skills.

### Voice Carry
This class allows students to improve upon their singing/music skills by focusing on voice techniques, such as: breathing, support, projection and much more. Additionally, students will learn how to read music, how to use their voice as an instrument and discover their personal voice.

### Egyptian Mummies, Gems, Rocks and Minerals!
Come and explore the myths and mysteries of ancient Egypt through the study of archaeology! Explore topics, such as long lost cities, secret tombs, pharaohs, ancient artifacts, scarabs, mummies, hieroglyphics and much more. In addition, students will explore Sahara desert, learn about erosion, rock types and other related topics.

### Color Theory Made Easy
Participants will use basic color schemes and different mediums to create their own unique artwork. Creativity and imagination will be a focal point in this camp.

### Kids Move to the Groove: Dance Camp
This fun dance class will teach your child the most creative and modern dance moves, while also helping develop locomotor skills, leadership and self-esteem. The world of dance can be a fun place in which children interact with each other and express themselves in a safe, judgment-free space. Students must bring comfortable clothes to dance with and wear closed shoes.

### Italian Feast
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing dishes and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

### KOTM: Stay Active This Summer Youth Multi-Sport Camp
Each student will receive professional instruction on how to practice and play various sports in a safe and positive environment. Additionally, students will learn about the history and rules of each sport, while building upon their current fitness level.

### El Paso Style Mexican Cooking for Teens
Mexican food is well known here in the borderland and overall a favorite cuisine. Participants in this course will obtain a hands-on cooking experience that engages with borderline flavors. In addition, they will learn how to make homemade tortillas, how to handle chili peppers, preparation and

Continues for course: El Paso Style Mexican Cooking... food sanitation guidelines, and a wide variety of different Mexican recipes. Lectures are enhanced by classroom activities and handouts.
17SKLH16A2 | Fee: $125 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F 9 a.m. to 12 p.m.

The Art of Persuasion
Less arguing and more debating! Using engaging and entertaining fundamental debate strategies, students in this course swiftly learn to apply vital methods such as, critical listening, argument development and reasoning. Additionally, students gain the experience of working in debate teams, enhancing their social communication abilities and building friendships.
17SKLH16A3 | Fee: $80 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Teens Get On Your Feet & Dance
This fun dance class will teach your child the most creative and modern dance moves, while also helping develop locomotor skills, leadership and self-esteem. The world of dance can be a fun place in which children interact with each other and express themselves in a safe, judgment-free space.
Required: Students must bring comfortable clothes to dance with and wear closed shoes.
17SKPA16P1 | Fee: $80 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F 1 to 4 p.m.

Charcoal Drawing Basics
Drawing pencils are often considered sturdy, reliable and precise. Charcoal, on the other hand, is a wild counterpart; bold, daring and dramatic. Its much darker than any pencil and has a richness, making drawing with charcoal a completely unique experience. In this camp, participants will learn the basic of drawing with charcoal and assisting materials.
17SKAR16P2 | Fee: $80 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F 1 to 4 p.m.

Swimming Conditioning and Fitness for Youth [ENTERING GRADES 3-12]
Take the plunge into our pool through this camp. This camp will help you develop your technique, fitness and conditioning. The camp is designed for those who wish to perform four different swimming styles (front crawl, backstroke, breaststroke and butterfly).
Change time is incorporated into the allotted timeframe of the course.
Required materials: Please bring a change of clothes, goggles, and towel.
17SKAQ1061 | Fee: $143 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F 1 to 4 p.m.
17SKAQ1062 | Fee: $143 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 1 to 4 p.m.
17SKAQ1063 | Fee: $143 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F 1 to 4 p.m.
17SKAQ1064 | Fee: $143 | Meetings: 5
6/26 - 6/30 M, Tu, W, Th and F 1 to 4 p.m.
17SKAQ1065 | Fee: $125 | Meetings: 4
7/3 - 7/7 M, W, Th and F 1 to 4 p.m.
7/10 - 7/14 M, Tu, W, Th and F 1 to 4 p.m.

Teens 3D Video Gaming
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Students will create a 3D game from the ground up, learn the basics of modeling and animation, as well as code the player character, enemies, obstacles and/or puzzles. If time allows, projects will be ported to virtual reality devices.
17SKIT26A1 | Fee: $85 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.
17SKIT26P2 | Fee: $85 | Meetings: 5
7/17 - 7/21 M, Tu, W, Th and F 1 to 4 p.m.

Babysitter Certification [GRADES 6-12]
This training helps participants develop leadership skills, how to develop a babysitting business, as well as what it takes to be a safe and responsible babysitter. Babysitter, CPR and first-aid certification are included. Students are encouraged to wear comfortable clothing; however, tank tops are not permitted.
17SKLH26A2 | Fee: $80 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.
17SKLH76A3 | Fee: $80 | Meetings: 5
7/17 - 7/21 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Introduction to Photography and Photoshop
This course lays the foundation for understanding the basics of digital photography and photoshop. Specific topics that will be discussed include: how to alter existing images, enhance colors, the art of lighting and much more.
Required materials: digital camera, or a cell phone with picture capabilities and camera manual.
17SKLH26P3 | Fee: $80 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 1 to 4 p.m.
17SKLH66P3 | Fee: $80 | Meetings: 5
7/10 - 7/14 M, Tu, W, Th and F 1 to 4 p.m.

Introduction to Graphic Design
This class lays the foundation for understanding graphic art and design. Areas of emphasis include: how graphic design is used in advertising and marketing, elements of product promotion, photoshop and much more.
17SKLH36A1 | Fee: $80 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F 9 a.m. to 12 p.m.
17SKLH76A1 | Fee: $80 | Meetings: 5
7/17 - 7/21 M, Tu, W, Th and F 9 a.m. to 12 p.m.
Fun and Easy 30 Minute Meals for Teens
In this course, students will prepare a home cooked meal, including dessert in just 30 minutes. This course will help your student learn how to make easy and delicious meals in order to fit family pleasing home cooking into your busy day. Students will be cooking in culinary style with fresh ingredients and fast food preparation. Two broad areas are addressed: food safety guidelines and cooking techniques. Lectures are enhanced by classroom activities and handouts.

17SKLH36A2  |  Fee:  $125  |  Meetings:  5
6/19 - 6/23  M, Tu, W, Th and F 9 a.m. to 12 p.m.

KOTM: Stay Active This Summer Youth Multi-Sport Camp
Each student will receive professional instruction on how to practice and play various sports in a safe and positive environment. Additionally, students will learn about the history and rules of each sport, while building upon their current fitness level.

17SKHF36A3  |  Fee:  $80  |  Meetings:  5
6/19 - 6/23  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Teens Making Computers See
Explore different areas in technology, design and computer science through this engaging and exciting course. Students will modify a gesture recognition program (through a kinect sensor), act out their own poses, as well as code them. The objective is for students to understand how computers interpret information through cameras.

17SKIT36P1  |  Fee:  $185  |  Meetings:  5
6/19 - 6/23  M, Tu, W, Th and F 1 to 4 p.m.

Intro to Ceramics
In this camp, participants will engage in basic ceramics making. They will learn how to make cups, bowls, plates and more in this hands on camp.

17SKAR36P2  |  Fee:  $80  |  Meetings:  5
6/19 - 6/23  M, Tu, W, Th and F 1 to 4 p.m.

17SKAR96P3  |  Fee:  $80  |  Meetings:  5
7/31 - 8/4  M, Tu, W, Th and F 1 to 4 p.m.

Teens Making Computers Move
This summer camp encourages young students to explore different areas in technology, design and computer science through hands-on activities. Using a mindstorm LEGO robot, students will create an object such as a vehicle, animal, dinosaur, robot, spaceship, or whatever they can imagine. Their robot will then be programmed through a phone app to move and perform different tasks depending on the shape and its capabilities. This will teach the basic concepts in programming, math and robotics.

17SKIT46A1  |  Fee:  $185  |  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 9 a.m. to 12 p.m.

17SKK786A1  |  Fee:  $185  |  Meetings:  5
7/24 - 7/28  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Teens Actors’ Theatre Camp
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

17SKPA46A2  |  Fee:  $80  |  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Guitar Rocks
In this class, participants will be introduced to the basics of learning how to play guitar. Topics covered include chords, proper hand placement, musical notes and rhythms and simple melodies. This course is designed for students with very little or no prior guitar experience.

Required materials: acoustic guitar and guitar pick.

17SKPA46A3  |  Fee:  $80  |  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Sculpture 101
In this camp, participants will build their own 3D sculpture through the use of recycling material and household items. The ability to use these items and then create artwork takes skill and imagination, which will be encourage and guided during this camp. The creative and problem solving skills gained in this course will also benefit participants in their future endeavors.

17SKAR46P1  |  Fee:  $80  |  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 1 to 4 p.m.

Easy Grilling and Baking for Teens
Allow your child to engage with hands-on grilling and baking through this course. Students will learn how to prepare food on a grill both outdoors and indoors, as well as learn a variety of new recipes/cooking techniques, such as: cooking ribs, homemade hamburgers, grilled pizza and much more. Two broad areas will be addressed: grilling food safety guidelines and cooking techniques.

17SKKH46P2  |  Fee:  $125  |  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 1 to 4 p.m.

Math Application Prep
This course focuses on strategies for success in mathematics. This course teaches fundamental math skills in different areas, such as: pre-algebra, algebra, geometry and pre-calculus. Students will develop good mathematical study skills and learning strategies as an integral part of this course. This course covers a wide array of topics, such as: number systems, fractions, decimals, linear exponents, ratios and much more.

17SKMT46P3  |  Fee:  $80  |  Meetings:  5
6/26 - 6/30  M, Tu, W, Th and F 1 to 4 p.m.

17SKMT96A1  |  Fee:  $80  |  Meetings:  5
7/31 - 8/4  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Voice Carry
This class allows students to improve upon their singing/music skills by focusing on voice techniques, such as: breathing, support, projection and much more. Additionally, students will learn how to read music, how to use their voice as an instrument and discover their personal voice.

17SKPA56A1  |  Fee:  $75  |  Meetings:  4
7/3 - 7/7  M, W, Th and F 9 a.m. to 12 p.m.
No class on 7/4

Middle School Math Prep
This class will help your child develop the math skills required to succeed in sixth, seventh and eighth grade. Topics that will be discussed include: equation solving, polynomials, graph types and much more.

17SKMT56A2  |  Fee:  $75  |  Meetings:  4
7/3 - 7/7  M, W, Th and F 9 a.m. to 12 p.m.
No class on 7/4

Igniting Your Potential
This action-packed camp teaches participants skills and disciplines needed for a lifetime of personal growth, success and development. It will provide students with the skills for personal happiness and success.

17SKLH56A1  |  Fee:  $75  |  Meetings:  4
7/3 - 7/7  M, W, Th and F 9 a.m. to 12 p.m.
No class on 7/4

Teens Making Computers Feel
This summer camp encourages young students to explore different areas in technology, design and computer science through hands-on activities. Computers cannot “feel,” but they receive input through mouse clicks and keystrokes. Using a “makey makey,” students will connect real-world objects and make them touch sensitive as well. They will start by creating simple popular projects such as a banana piano, or a water drum set, and then explore their own ideas and objects.

17SKITS6P1  |  Fee:  $155  |  Meetings:  4  
7/3 - 7/7  |  M, W, Th and F 1 to 4 p.m.  
No class on 7/4  
17SKIT96P1  |  Fee:  $185  |  Meetings:  5  
7/31 - 8/4  |  M, Tu, W, Th and F 1 to 4 p.m.  

Improving Your Reading & Writing Skills
This class enhances a student’s understanding of reading strategies and comprehension. Participants will engage in different reading and writing exercises to enhance their knowledge of effective writing for future applications.

17SKRDS6P3  |  Fee:  $75  |  Meetings:  4  
7/3 - 7/7  |  M, W, Th and F 1 to 4 p.m.  
No class on 7/4  

Teens Making Computers Talk
Explore different areas in technology, design and computer science through this engaging and exciting course. Students will record their own voices and incorporate them to a game-like interactive system in order to voice non-player characters. In addition, this course explores basic concepts in artificial intelligence and chat bots.

17SKIT66A1  |  Fee:  $185  |  Meetings:  5  
7/10 - 7/14  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.  

Perfecting Drawing Techniques
This week, our eyes and hands will work together to learn drawing techniques, which will equip participants to render the human body and face more accurately. There will also be lots of space for creativity and expression, as participants will be exposed to realistic and abstract artists, as a means of inspiration. Drawing pencils, charcoal and eraser techniques will be explored.

17SKAR66A2  |  Fee:  $80  |  Meetings:  5  
7/10 - 7/14  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.  

Preparing for Pre-Algebra
This class is designed to aid participants in mathematics. Participants will strengthen their math skills by expanding their knowledge of key concepts in pre-algebra.

17SKMT66A3  |  Fee:  $80  |  Meetings:  5  
7/10 - 7/14  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.  

Arabic Summer
A fun, unique course designed to introduce kids to the Arabic language and culture through lots of games and activities. Kids will learn how to introduce themselves and others, exchange simple conversations, and recognize Arabic letters, numbers, colors and shapes. The goal of this course is to equip students with the basic reading, writing, listening and speaking skills in Arabic.

17SLYA66P1  |  Fee:  $80  |  Meetings:  5  
7/10 - 7/14  |  M, Tu, W, Th and F 1 to 4 p.m.  
17SLYA86P1  |  Fee:  $80  |  Meetings:  5  
7/24 - 7/28  |  M, Tu, W, Th and F 1 to 4 p.m.  

Multicultural Cooking & Baking Recipes for Teens
In this course students will learn 4 different food cuisines. The following cuisines are Italian, Asian, Mexican, American and by the end of the week will bake a variety of multicultural desserts. Students will engage in cooking and baking in different techniques and experience the differences in each cuisine culture. Two broad areas are addressed: food safety preparation and sanitation rules; and cooking techniques and recipes. Lectures are enhanced by classroom activities and handouts.

17SKHL66P2  |  Fee:  $125  |  Meetings:  5  
7/10 - 7/14  |  M, Tu, W, Th and F 1 to 4 p.m.  

Fun Holiday Baking and Cooking for Teens
Learn how to impress your guests with fun holiday foods. From scary ghost cupcakes, pumpkin pies, gooey beverages, to Christmas cookies, students will learn how to make fun and easy holiday recipes. In addition, the following areas will be discussed: food safety preparation, sanitation rules, cooking techniques and food recipes.

17SKHL76A2  |  Fee:  $125  |  Meetings:  5  
7/10 - 7/21  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.  

French Camp
This class is designed to immerse children in French language and culture, through a series of interactive and fun activities. A focus will also be placed in enhancing the student’s reading, writing and listening skills.

17SLFY76P1  |  Fee:  $80  |  Meetings:  5  
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.  

Art at Heart
Participants will be equipped with practical and basic art techniques and styles, to encourage each student to experiment with their own creativity. Art doesn’t need to take hours and it doesn’t have to look a certain way to be art; this week is all about quick, fun, practical and creative solutions to artwork.

17SKAR76P3  |  Fee:  $80  |  Meetings:  5  
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.  

Beginnings to Broadway
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

17SKPA76P4  |  Fee:  $80  |  Meetings:  5  
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.  

Preparing for Basketball with Coach Samaniego
In this course, participants will engage with basketball drills and conditioning methods in order to play the game of basketball more effectively and efficiently. Students will participate in skill orientated basketball games and developmental techniques, all while having fun.

17SKHF5000  |  Fee:  $80  |  Meetings:  5  
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.  

School of Rock
This course extends and expands upon concepts learned in a beginner class. Topics that will be discussed include: reading music, playing chords, melodies, scales and harmony. This course is suitable for late beginner and intermediate levels.

Required materials: acoustic guitar and guitar pick.
A Trip to Italian Cuisine
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing delicious food and learning can be exceptionally rewarding and easy at a young age! The aim of the classes is to show how to: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and fun environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

17SKLH86P2 | Fee: $125 | Meetings: 5
7/24 - 7/28 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Printmaking Made Easy
The art of printmaking has a variety of processes, purposes and prominent artists, all which will be discussed in this camp. Because printmaking is not accessible to everyone, participants will learn to create prints with tools and materials that can easily be done at home. Another fun twist to this camp involves mixing other styles, processes and mediums of art to our original prints.

17SKAR86P3 | Fee: $80 | Meetings: 5
7/24 - 7/28 | M, Tu, W, Th and F 1 to 4 p.m.

Teen Italian Feast
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing delicious food and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

17SKLH96A2 | Fee: $125 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Dance with Rhythm
This fun dance class will teach your child the most creative and modern dance moves, while also helping develop locomotor skills, leadership and self-esteem. The world of dance can be a fun place in which children interact with each other and express themselves in a safe, judgment-free space. Students must bring comfortable clothes to dance with and wear closed shoes.

17SKPA96A3 | Fee: $80 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

German Crash Camp
This course provides middle school students with a crash course study of the German language. Interactive learning methods will be used. Additionally, students will learn about German music and age appropriate games.

17SLYG96P2 | Fee: $80 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F 1 to 4 p.m.

Learning High School Math
This course focuses on improving and introducing the skills and concepts of high school mathematics. It takes students from algebra to functions, fundamental trigonometry, and an introduction to limits that will help them succeed.

17SKLH26A2 | Fee: $80 | Meetings: 5
6/12 - 6/16 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Swimming Conditioning and Fitness for Youth (ENTERING GRADES 3-12)
For complete course listings, see page 22.

Babysitter Certification (GRADES 6-12)
This training helps participants develop leadership skills, how to develop a babysitting business, as well as what it takes to be a safe and responsible babysitter. Babysitter, CPR and first-aid certification are included. Students are encouraged to wear comfortable clothing; however, tank tops are not permitted.

17SKMT19A1 | Fee: $80 | Meetings: 5
6/5 - 6/9 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Insight to Algebra
This class is designed to help students understand topics related to algebra. Students will develop strong math skills based on applications involving critical thinking and problem solving in real life. The concept of function is emphasized throughout the course. Topics include: operations with real numbers, linear equations and inequalities, relations and functions, polynomials, algebraic fractions and nonlinear equations.

17SKMT39A1 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

Introduction to Graphic Design
This class lays the foundation for understanding graphic art and design. Areas of emphasis include: how graphic design is used in advertising and marketing, elements of product promotion, photoshop and much more.

17SKLH39P1 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 1 to 4 p.m.

SAT Math Preparation
This class prepares students to succeed on the math section of the SAT examination. In addition to reviewing major math subjects (pre-algebra, algebra and geometry), students will learn about the format of the test, time-saving strategies and how to deal with anxiety through different test preparation strategies. All materials included.

17SKLH79P1 | Fee: $80 | Meetings: 5
7/17 - 7/21 | M, Tu, W, Th and F 1 to 4 p.m.
**SUMMER CAMPS**

**ENTERING GRADES 9-12**

- **Continues for course: SAT Math Preparation**
  - 17SKTS49A1 | Fee: $143 | Meetings: 5
  - 6/26 - 6/30 M, Tu, W, Th and F
  - 9 a.m. to 12 p.m.

- 17SKTS99P1 | Fee: $143 | Meetings: 5
  - 7/31 - 8/4 M, Tu, W, Th and F 1 to 4 p.m.

- **SAT Reading/Writing Preparation**
  This class prepares students to succeed on the reading/writing section of the SAT examination. Topics, such as the format of the test, strategies on critical reading, memorization and understanding proper writing functions (sentence completion, grammar, etc.) will be discussed. At the completion of this course, students will be able to organize their thoughts, interpret reading passages and use diverse vocabulary. All materials included.
  - 17SKTS49P1 | Fee: $143 | Meetings: 5
  - 6/26 - 6/30 M, Tu, W, Th and F 1 to 4 p.m.

**Intro to Basic Design**
In this camp, participants will learn the fundamentals of design and how you can apply them to your work. Learn about color theory, composition and much more.
  - 17SKARS9A1 | Fee: $75 | Meetings: 4
  - 7/3 - 7/7 M, W, Th and F
  - 9 a.m. to 12 p.m.
  - No class on 7/4

**The Heart of Italian Cuisine**
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing dishes and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.
  - 17SKLHS9P1 | Fee: $105 | Meetings: 4
  - 7/3 - 7/7 M, W, Th and F 1 to 4 p.m.
  - No class on 7/4

**Introduction to Photography and Photoshop**
This course lays the foundation for understanding the basics of digital photography and photoshop. Specific topics that will be discussed include: how to alter existing images, enhance colors, the art of lighting and much more.
  - Required materials: digital camera or cell phone with picture capabilities.
  - 17SKLH69A1 | Fee: $80 | Meetings: 5
  - 7/10 - 7/14 M, Tu, W, Th and F
  - 9 a.m. to 12 p.m.

**Reinforcing Your Algebra Skills**
This class is designed to aid participants in mathematics. Participants will strengthen their math skills by expanding their knowledge of key concepts in algebra.
  - 17SKMT69P1 | Fee: $80 | Meetings: 5
  - 7/10 - 7/14 M, Tu, W, Th and F 1 to 4 p.m.

**Igniting Your Potential**
This action-packed camp teaches participants skills needed for a lifetime of personal growth, success and development. It will provide students with the skills for personal happiness and success.
  - 17SKLH79A1 | Fee: $80 | Meetings: 5
  - 7/17 - 7/21 M, Tu, W, Th and F
  - 9 a.m. to 12 p.m.

**Preparing for Calculus**
This course focuses on strategies for success in calculus. Many broad areas are addressed, including functions (graphical, numerical, analytical and/or verbal). You will also understand the meaning of the derivative in terms of rate of change, local linear approximation, and through the use derivatives, solve a variety of problems.
  - Required materials: students will need notebooks and pens for taking notes, as well as a graphing calculator.
  - 17SKMT89A1 | Fee: $80 | Meetings: 5
  - 7/24 - 7/28 M, Tu, W, Th and F
  - 9 a.m. to 12 p.m.

**Reading and Writing Strategies for High School**
The course explores the essay writing process from the pre-writing stage to the revision stage. Participants work on practicing and mastering each step of the writing process before moving on to the next step. This course prepares students for writing essays for school assignments.
  - 17SKRD89P1 | Fee: $80 | Meetings: 5
  - 7/24 - 7/28 M, Tu, W, Th and F
  - 1 to 4 p.m.

---

**Criminal Science Investigation and Forensic Science Institute 2017**
Students will utilize the scientific method in an effort to better understand forensic and criminal science methods and procedures. Additionally, students will engage in hypothetical crimes, learn how to collect and analyze information/evidence, as well as apply chemistry and biology to uncover hidden clues at a crime scene.

**NEW**
(ENTERING GRADES 6-9)
**Empowerment 4Boys by Men**
This camp provides a nurturing environment for young gentlemen, so that they may learn more about who they are. In addition, they will learn how to deal with the challenges and temptations teenage boys face. Facilitated by a dynamic group of professional men and community leaders, this camp will enhance your child’s self-esteem, character, interpersonal skills, health and nutrition and overall foundation.
  - 17SKLHE2018 | Fee: $150 | Meetings: 5
  - 6/19 – 6/23 M, Tu, W, Th and F
  - 9 a.m. to 4 p.m.
Criminal Justice Summer Camp 2017: For Juniors and Seniors to Be

This criminal justice summer camp will expose participants to various aspects of the criminal justice system. Participants will observe the functions and operations of law enforcement agencies in the El Paso area, as well as visiting the El Paso County Courthouse where students may participate in a mock trial. Participants will also see live demonstrations by various specialized units. P3 will supply each participant with a T-shirt as part of your registration.

**17SKLH1040** | Fee: $145 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F | 8:30 a.m. to 12 p.m.

**Empowerment 4Girls by Women**

(ENTERING GRADES 6-9)

This camp provides a nurturing environment for young ladies, so that they may learn more about who they are. In addition, they will learn how to deal with the challenges and temptations teenage girls face. Facilitated by a dynamic group of professional women and community leaders, this camp will enhance your child’s self-esteem, character, interpersonal skills, health and nutrition and overall foundation.

**17SKLH2017** | Fee: $150 | Meetings: 5
7/10 – 7/14 | M, Tu, W, Th and F | 9 a.m. to 4 p.m.

**Leadership Institute**

(ENTERING GRADES 6-9)

This class will teach participants leadership skills and values which can be applied to one’s intellectual, professional and personal life. Additionally, students will be taught self-empowerment techniques, how to make good choices and how to plan for the future.

**17SKLH0510** | Fee: $150 | Meetings: 5
7/17 – 7/21 | M, Tu, W, Th and F | 9 a.m. to 4 p.m.

**Public Speaking: Debate Strategies Institute**

(ENTERING GRADES 6-8)

This course will enhance a students’ public speaking, logic and rhetoric skills. Two main topics (public speaking and debate strategies) will be discussed to teach participants to craft and deliver convincing speeches, as well as how to defend and/or attack other’s arguments.

**17SKLH2003** | Fee: $150 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F | 9 a.m. to 4 p.m.

**Junior Doctor Camp**

This course explores human biology and medicine, as well as topics related to those that doctors engage with on a daily basis. Explore different body systems and engage with the study of medicine by conducting DNA extractions, making stretchy and slippery mucus, participating in a mock surgery, observing vital signs, simulating the drawing of blood and much more.

**17SKSC2100** | Fee: $67 | Meetings: 1
6/10 | Sa 9 a.m. to 4 p.m.

**Little Engineers, Big Inventions!**

Jr. Engineers will explore different fields of engineering through hands-on projects and learn to think like an engineer through various building challenges. Using the materials provided, students will construct catapults, merry-go-rounds, air powered hover crafts, mazes, pinball games and much more. At the end of the course, students will be allowed to take home their projects.

**17SKSC2101** | Fee: $67 | Meetings: 1
6/17 | Sa 9 a.m. to 4 p.m.

**P3 Miners Flag Football Camp**

(AGES 8-14)

This camp will offer co-ed campers the opportunity to gain self-confidence while learning the importance of teamwork and sportsmanship. Through a combination of drills and games, campers will learn football fundamentals and standardized flag football rules in a fun and positive non-contact environment.

**17SKHF2017** | Fee: $99 | Meetings: 1
6/17 | Sa 9 a.m. to 4 p.m.

**17SKHF2018** | Fee: $99 | Meetings: 1
7/22 | Sa 9 a.m. to 4 p.m.

**Dissections and Surgery for Kids!**

Calling all future surgeons! Do you want to perform animal dissections or practice stitching up a wound? Take an up-close look at body structures and the internal anatomy of different animal species, as well as 3D dissection models related to our own body systems through this course. Specimens may include frogs, clams, earthworms, bullfrogs, snakes, grasshoppers, crayfish and much more.

**17SKSC2102** | Fee: $67 | Meetings: 1
7/1 | Sa 9 a.m. to 4 p.m.

**Shark Lab and Deep Sea Science!**

You don’t need a boat or scuba gear, because we are bringing the ocean to you. Students will dive right into the biology of sharks as they experiment with shark dimensions, diets, as well as examine a real-life shark. In addition, students will learn about color-changing cuttlefish, crayfish, coral reefs, spider crabs, octopi and clams.

**17SKSC2103** | Fee: $67 | Meetings: 1
7/8 | Sa 9 a.m. to 4 p.m.

**Cookbook Chemistry Reactions!**

Come and join us, as we finally get to play with our food. Students will be cooking up some chemistry fun as they investigate the reactions that happen in a kitchen. Topics to be discussed include: potatoes chemical batteries, color changing beet juice reactions, how to make sugar crystals, fizzy sherbets, edible slimes and much more.

**17SKSC2104** | Fee: $67 | Meetings: 1
7/15 | Sa 9 a.m. to 4 p.m.

**Junior Veterinarians!**

Does your child want to be a vet? Through this course, students will gain an introduction to the exciting field of veterinary medicine and animal health activities. Students will explore topics, such as: animal behavior, first aid, dentistry care, diseases and much more. In addition, students will use a medical kit, interact with live animals, and conduct and engage with other related activites.

**17SKSC2105** | Fee: $67 | Meetings: 1
7/22 | Sa 9 a.m. to 4 p.m.

---

**Lunch Policy for One-Day Camps:** Students must bring their own lunch, beverages and snacks. See page 8 for more details about our supervised lunch options.

P3 KIDZ ON CAMPUS
ONE-DAY CAMPS

ENTERING GRADES 6-12

Be a Nurse for a Day Camp
In this one-day workshop, participants will engage in hands-on activities, using the latest in equipment and technology in the nursing field (provided by UTEP’s Nursing Center for Simulation). By the end of this course, students will understand the skills and determination needed to succeed as a professional nurse.

HIGH SCHOOL STUDENTS ONLY:
• Campus tour
• Applying to Nursing School/Scholarship information
• Wrap-up/Evaluations/Final Q&A

(MIDDLE SCHOOL)
17SKLH0050 | Fee: $35 | Meetings: 1
7/28 | Sa 9 a.m. to 2 p.m.

(HIGH SCHOOL)
17SKLH0060 | Fee: $45 | Meetings: 1
8/4 | Sa 9 a.m. to 4 p.m.

Zip, Zap, Zoom Engineering!
Get ready to be amazed at what your mini-engineer can create through the use of everyday materials, hands-on engineering and their imagination. Students will learn how to build a crane, slingshot car, snowmobile, homemade kite and other great contraptions.

17SKSC2106 | Fee: $67 | Meetings: 1
8/5 | Sa 9 a.m. to 4 p.m.

Farmer for a Day Camp!
Junior farmers will love this hands-in-the-dirt fun course. Through hands-on projects and experiments, students will learn about farming, ecology and agriculture science. Students will go on an interactive farm scavenger hunt, investigate water pollution, conduct sandwich bag composting, examine wild animal tracks, create mini chicken coops and much more.

17SKSC2107 | Fee: $67 | Meetings: 1
8/12 | Sa 9 a.m. to 4 p.m.

AQUATICS - LIMITED SPACE
Take the plunge and learn to swim with P3’s Aquatic Youth Program! The program teaches students swimming techniques in logical and progressive stages, focusing on safety skills in and around the water. It is designed to give students a positive learning experience and self-confidence in the water from a very young age.

Required: Students must bring goggles to class.

REGISTRATION WILL BE CLOSED TWO BUSINESS DAYS PRIOR TO THE BEGINNING OF THE CLASS.

STINGRAYS: Intermediate to Advanced Swimming Classes (AGES 5-17)
17SYAQ1000 | Fee: $93 | Meetings: 8
6/10 - 7/29 | Sa 9 to 9:45 a.m.

DOLPHINS Swimming Class (AGES 7-17)
Beginner to Intermediate
17SYAQ1010 | Fee: $93 | Meetings: 8
6/10 - 7/29 | Sa 10 to 10:45 a.m.

FROGS Swimming Class (AGES 5 & 6)
Beginner to Intermediate
17SYAQ1020 | Fee: $93 | Meetings: 8
6/10 - 7/29 | Sa 11 to 11:45 a.m.

TADPOLES Swimming Class (AGES 3 & 4)
(Must be accompanied by parent or guardian)
NOTE: For ages 3 and 4, a parent or guardian must accompany each child in the water!
17SYAQ1030 | Fee: $93 | Meetings: 8
6/10 - 7/29 | Sa 12 to 12:45 p.m.

SHARKS Swimming Class (AGES 5-10)
17SYAQ1040 | Fee: $93 | Meetings: 8
6/10 - 7/29 | Sa 1 to 1:45 p.m.

SEA LIONS Stroke Skills Class (AGES 7-17)
This course will help students advance upon their already established knowledge of swimming, endurance and breathing techniques. Swimming forms which will be touched upon include: the freestyle, backstroke, breaststroke, butterfly and much more.

Required materials: a pair of goggles.
17SYAY0105 | Fee: $93 | Meetings: 8
6/10 - 7/29 | Sa 2 to 2:45 p.m.

ARTISTIC EXPRESSION
Young Rembrandts Drawing Workshop:
Favorite Apps & Video Games (AGES 5-12)
Join this workshop and learn how to mimic the amazing imagery of our favorite apps and video games! Students will learn new illustration and coloring techniques inspired by popular video games.
17SYAY0105 | Fee: $137 | Meetings: 3
6/10 - 6/24 | Sa 9 a.m. to 12 p.m.

DIGITAL TECHNOLOGY
Kidz Tech - [Coding] (GRADES 3-8)
Through this course, students will learn introductory coding through hands-on and computer-based activities. In addition, students will create a video game, Android application, website, code a Star Wars BB8 robot and much more.
17SYAY0105 | Fee: $157 | Meetings: 5
7/8 - 8/5 | Sa 9 a.m. to 12 p.m.

FITNESS FUN
Jiu Jitsu for Kids (AGES 6-12)
Children will learn the basics of jiu jitsu for the purpose of self defense and building confidence in a safe and monitored environment. jiu jitsu is a martial art based on controlling opponents, through the use of joint locks, various body holds and positioning. It also serves as a great cardiovascular workout.
17SYAY0105 | Fee: $53 | Meetings: 2
7/8 - 7/15 | Sa 9 a.m. to 4 p.m.

Golf for Juniors (AGES 7-16) OFF CAMPUS
Do you have a budding golf pro at home? Give your son or daughter the opportunity to explore the fundamentals of the golf swing from a modern standpoint. Video analysis of your child's golf swing will be provided during the course. Golf clubs are available if needed and range balls can be purchased at the driving range.
17SYAY0105 | Fee: $69 | Meetings: 3
7/15 - 7/29 | Sa 9 to 10:30 a.m.
**COMMUNITY ENRICHMENT – ADULTS**

**SPECIAL DAYS OFF (no class) AND HOLIDAYS ARE LISTED ON YOUR CONFIRMATION RECEIPT AND THE P3 WEBSITE (ppp.utep.edu).**

**AQUATICS – LIMITED SPACE**

**REGISTRATION WILL BE CLOSED TWO BUSINESS DAYS PRIOR TO THE BEGINNING OF THE CLASS.**

**FOR POOL ACCESS INFORMATION OR TO REGISTER, PLEASE CALL (915) 747-5142 OR VISIT OUR OFFICES IN KELLY HALL, SUITE 102, MONDAY TO FRIDAY, 8 a.m. TO 5 p.m.**

**P3 POOL ID CARD**

All swimming pool participants must purchase a P3 Pool ID Card to enter the Student Recreation Center. The P3 Pool ID Card is offered for a one-time fee of $15 and can be used for future paid swimming courses as long as it is for the same person. P3 Pool ID Cards are activated and usable ONLY during the time and schedule of the purchased course.

**Adult Swimming and Conditioning**

This class is for intermediate to advanced swimmers who want to get a great workout in, as well as for those who want to improve their strokes, turns and starts. The sessions will also focus on proper technique and endurance.

- **17SCAQ1000** | Fee: $67 | Meetings: 8
- **6/5 - 6/28** | M and W 6:30 to 7:30 p.m.
- **17SCAQ1001** | Fee: $67 | Meetings: 8
- **7/5 - 7/31** | W and M 6:30 to 7:30 p.m.

**Water Aerobics**

This water aerobics class will employ a variety of training concepts while emphasizing safety and proper technique. Working against the resistance of the water will help you tone and shape your figure, reduce stress and improve overall self-confidence. You are not required to know how to swim; the only requirement is a swimsuit.

**Swimming Classes:**

**Beginner, Intermediate, and Advanced**

This course is designed for those with an interest in learning the basics of swimming and those interested in improving upon their current performance. All sessions will be suited to the comfort and skill level of each individual swimmer. Beginning swimmers will practice basic skills, such as breathing, floating, strokes, etc. Intermediate swimmers will learn strokes and how to perform endurance-based exercises. Advanced swimmers will learn the basis of competitive swimming and emphasize optimum performance in the water.

**Required materials:** swimming goggles.

- **17SCAQ1317** | Fee: $95 | Meetings: 8
- **6/7 - 7/26** | W 6:30 to 7:30 p.m.

**COOKING**

**Make Authentic Italian Pizza with Chef Terzaroli**

This course teaches students how to bake authentic Italian pizza at home. Additional discussions will be made upon the various types of yeasts, flours and toppings, dough kneading, raising, etc. All materials are included.

- **17SCCH5003** | Fee: $53 | Meetings: 8
- **8/7 - 8/30** | M and W 7 to 8 p.m.

**Myth Buster:**

**Cooking Healthy Is Not Hard**

This course will help students learn how to replace unhealthy ingredients with natural ones. The following meals will be prepared: Mexican cauliflower rice, sprouted grain tortilla quesadillas and much more. All materials are included.

- **17SCCH6000** | Fee: $43 | Meetings: 1
- **6/17** | Sa 9 to 11 a.m.

**French Cuisine - Cook for Pleasure!**

This course teaches students how to prepare popular French sweets, pastries and street food. Some of the dishes covered include: quiche lorraine, savory petit beurre and croque madame. All materials are included.

- **17SCCH5006** | Fee: $53 | Meetings: 1
- **6/20** | Tu 6 to 8:30 p.m.

**FIT 4 LIFE**

**Zumba Class**

Zumba is a whole-body, dance-based workout that incorporates Latin and international rhythms to help you get fit while having fun.

- **17SCHF0000** | Fee: $53 | Meetings: 8
- **5/1 - 5/24** | M and W 7 to 8 p.m.
- **17SCHF0001** | Fee: $53 | Meetings: 8
- **6/5 - 6/28** | M and W 7 to 8 p.m.
- **17SCHF0002** | Fee: $53 | Meetings: 8
- **7/3 - 7/26** | M and W 7 to 8 p.m.
- **17SCHF0003** | Fee: $53 | Meetings: 8
- **7/3 - 8/20** | M and W 7 to 8 p.m.

**Circuit Training**

Circuit training is an excellent way to improve fitness, health and muscular strength. This class incorporates anaerobic and aerobic exercises for the entire body and will help you develop muscle definition. The class structure is designed to maintain high aerobic fitness levels and strengthen your muscles, utilizing medicine balls, elastic bands, dumbbells and more. Participants must wear comfortable workout clothes and bring slipper socks.

**Quick 20-Minute Italian Recipes!**

Techniques to shorten your preparation and cooking times, without sacrificing the healthiness and the flavor of your meals will be addressed. There will be multiple Italian recipes that you will be able to replicate anytime and cheaply without spending hours in the kitchen.

- **17SCCH2002** | Fee: $53 | Meetings: 1
- **7/11** | Tu 6 to 8:30 p.m.

**FIT 4 LIFE**

Everyone has different fitness goals, ranging from generally trying to stay active to viewing fitness as a lifestyle. Transform your life by enrolling to one or more of our Fit 4 Life courses. For additional fitness courses see page 23. Packages must be mentioned during registration in order to be applied to your fees. For more information call us at 915.747.5142 or visit us at ppp.utep.edu.

6/6 - 6/29  |  Tu and Th 6 to 7 p.m.

T’ai Chi Chuan II and III
T’ai Chi Chuan is a centuries-old Chinese martial art practiced for both its defensive and health benefits. In this advanced course, students will learn more about t’ai chi, according to their skill level. Associated benefits include: reduced blood pressure levels and stress, and an overall increase in personal balance, breathing and circulation.
Level I Intermediate students will learn various styles of t’ai chi chuan, including the 42-step combined form, yang-style long form, etc.
Level II advanced students will learn about the chen style, including cannon first, and chen-style weapons, etc.
Note: Students must wear comfortable clothing and t’ai chi or athletic shoes.

MUSIC, DANCE AND THEATRE

Violin Class - Level I
Students will learn the fundamentals of violin technique, practice and performance with a focus on basic music notation, theory and engaged active listening. Classes will also involve musical collaboration with the instructor. On completion of this course, the student should be able to successfully perform simple to intermediate violin pieces and small works. Outside classroom practice is expected and required.

Violin Class - Level II
Required materials and textbook: Violin; Scale System (A Supplement to Book I of ‘The Art of Violin’). Carl Flesch. Edited by Max Rostal. Published by Carl Fischer.

Learn How to Play Guitar - Level I
This course is designed for adults interested in learning to play simple chords and tunes. Students will learn to read music and how to perform basic chords.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

Learn How to Play Guitar - Level II
This course will further the abilities of adults who have already played the guitar. A focus will be placed on learning pop charts and reading music.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

Introduction to Piano Performance for Adults – LIMITED SPACE
This course focuses on the fundamentals of music theory and professional keyboard techniques. Topics to be discussed include: note reading, how to play popular songs, hand positioning and technique exercises, chords and scales. Lessons are enhanced by group practice and listening to examples from the textbook.

Classical Guitar - Level I
This course is designed for adults interested in learning to play the classical guitar. An emphasis will be placed on learning proper guitar technique, repertoire and style. Students will learn to read music, a basic history of classical guitar, as well as proper posture and tone.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

Classical Guitar - Level II
This course is designed for adults interested in continuing and enhancing their study of classical guitar and guitarist. Students will learn to read music, a basic history of the classical guitar, as well as proper posture and tone. In addition, students will work towards developing a strong solo repertoire and perform an ensemble alongside classmates.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

Photography

Introduction to Digital Photography and Photoshop
This beginners’ class will teach students the basic techniques and artistry required for good photography. Students will learn about composition, lighting, cameras and lenses, and how to use Adobe Photoshop software. The course also covers a few advanced Photoshop techniques, with an emphasis on using the science of photography to express artistry.

Introduction to Photoshop
This class explores the tools and features available in Adobe’s Photoshop software. Additionally, basic photo manipulation techniques such as: correcting color and exposure, retouching, merging multiple images and working with layers will be discussed. Computer knowledge is helpful but not necessary.

32 P3 CONTINUING EDUCATION AT UTEP • COMMUNITY ENRICHMENT - ADULTS
Foundations of Photography
This course is suitable for users of either analog or digital cameras and is a foundation for any of the other photography courses offered by UTEP’s Professional and Public Programs. Five major areas of study are covered: camera controls, composition, lighting, lenses and electronic flash. This class is designed to put aspiring photographers in control of their equipment to maximize quality and creativity in photos.

Required materials: digital camera.
17SCPH1002 | Fee: $93 | Meetings: 6
6/8 - 7/13 | Th 6 to 8 p.m.

Intermediate Photoshop
This class is a continuation of “Introduction to Photoshop” and “Introduction to Digital Photography and Photoshop.” The format of the course is participant-driven, with the student choosing which techniques and effects they wish to improve upon. Examples of potential topics include: working with layers, color correcting and photo montages.

17SCPH1010 | Fee: $50 | Meetings: 3
7/11 - 7/25 | Tu 6 to 8 p.m.
17SCPH1011 | Fee: $50 | Meetings: 3
8/1 - 8/15 | Tu 6 to 8 p.m.

Advanced Digital Photography
This class is designed for students who already have a solid understanding of digital photography and the working controls and functions of a digital camera. Course materials will place an emphasis on portrait, sports and landscape photography and how lenses, aperture and shutter speed settings can affect a photograph's appearance.

Required materials: digital camera.
17SCPH1040 | Fee: $93 | Meetings: 5
8/2 - 8/30 | W 6 to 8 p.m.

READING AND WRITING
Write Your Non-Fiction Book in 90 Days
In this course, students will learn a proven strategy for writing a non-fiction book in a short period of time. Students will also learn key factors relative to publishing, funding and promoting your newly written piece of literature.

17SCWR0220 | Fee: $45 | Meetings: 2
6/5 - 6/7 | M and W 6 to 8 p.m.
17SCWR0221 | Fee: $45 | Meetings: 2
7/8 - 7/15 | Sa 10 a.m. to 12 p.m.

Everything You Want to Know about Publishing
In this course, award-winning author L.C. Hayden will reveal the inner-workings of the publishing business, as well as the positive and negative aspects associated with different publishing opportunities. Course materials/texts are included in the price for this course.

17SCWR1210 | Fee: $63 | Meetings: 1
6/8 | Th 6 to 9 p.m.

SAFETY AND SELF-DEFENSE
Firearms Courses
These courses are held continually and taught by George Brenzovich, a Texas state-certified LTC instructor, former police officer, and former UTEP collegiate shooting coach and NCAA Rifle coach of the year. Students must be at least 21 years old and be able to satisfy all federal and state regulations allowing firearm purchase and possession. Please contact Professional and Public Programs with Socorro Herrera for more information at 915-747-5142 or by email at ppp@utep.edu.

Firearm courses include:
• Basic Firearms: An introduction to and overview of the rifle, pistol and shotgun. The course focuses on safety, selection criteria, ammunition characteristics and firearm use. Instructor will inform student in this class how to select, and use the correct firearm and ammunition. Electronic training devices will be used. NON live firing class. Fee course $73.
• Texas License to Carry: One-day course for first-time license applicants. The first 5 hours of course will be a classroom lecture. The last hour of the course will focus on proficiency skills and shooting on the range or participants can schedule an hour shooting time with the instructor on another day. Fee course $90.
• Firearms Forum: This four-hour course will cover hot button community firearms issues. NON shooting class. Fee: $49.
• Coaches Corner: The course invites regional shooting coaches to discuss various firearms-related topics such as care, cleaning, maintenance, selection, ammunition testing, use, etc. NON shooting class. Fee course $40.
