DISCOVER THE MINER IN YOU!

Professional and Public Programs (P3) is a proud part of the University of Texas at El Paso family, and as such, is always looking for opportunities to provide support to the University’s student body. This year, P3 offered graphic design students the opportunity to design the cover pages for the Summer 2017 Course Catalog.

P3 would like to give our appreciation to Antonio Castro H. (UTEP faculty member and Graphic Design Instructor), whose collaboration was critical in this endeavor, as well as to the Spring 2017 Graphic Design Level 6 class. Each design submitted was of the best quality and met the high expectations which P3 is known for.

Lastly, special congratulations to Clyde Perkins, whose design allowed him the opportunity to be selected and featured in this catalog.

GO MINERS!

FOR A SNEAK PREVIEW of the P3 summer course catalog follow our Facebook account.

On the Cover:
A special thanks to our P3 students for taking an active role in providing the photo-material that is featured on the design of this Summer 2017 catalog, as well as for serving as ambassadors to the multiple services we provide through our programs in the Paso del Norte region.

Cover photos and interior photo library by: David Ghent

WELCOME TO P3 KIDZ ON CAMPUS | SUMMER 2017

P3 Kidz on Campus Summer Programs offer 9 weeks (beginning June 5, 2017) of grade-specific summer camps for kids entering kindergarten through 12th grade. Each week will offer educational, fun, creative, active and cultural experiences.

P3 Kidz on Campus camps are limited in size, and spaces are assigned on a first-come, first-serve basis.

Grade-level requirements are given in terms of the grade the student will be entering in Fall 2017.

Camps are subject to cancellation due to insufficient enrollment.

EXTENDED DAY OPTION (ENTERING KINDERGARTEN TO 8TH GRADE)
Extended stay is ideal for busy parents who need to bring their kids a little earlier in the morning and/or leave them a little later in the afternoon.

The Extended Day option offers supervised activities and fun from 7:30 to 9 a.m., 4 to 5:30 p.m., and lunch supervision through 12 to 1 p.m.

Lunch will not be provided, children must bring their own lunches. The cost is $20 per week for morning and afternoon sessions ($18 during the week of July 4th). The cost is $10 per week should you choose supervised lunch ($8 during the week of July 3rd). Register for these options as you would any other course. Check our schedule on pages 7-8.

See our Camps at a Glance Calendar on pages 10-13.
GENERAL INFORMATION

Information
For information on Professional & Public Programs course offerings, policies or registration, call (915) 747-5142, fax (915) 747-5538 or drop by the Professional & Public Programs Office on the UTEP campus, at Suite 102, Monday through Friday, 8 a.m. to 5 p.m.

Registration Confirmation & Room Assignment
A confirmation will be e-mailed to you within 48 hours with all pertinent course information. Classes are located on campus unless noted otherwise. A participation form will be attached to be filled out for each participant. Please bring the completed form to ensure prompt check in.

Course Fees
Professional & Public Programs is committed to offering quality programs at affordable prices. Course fees are based on an estimated minimum number of students. Professional & Public Programs is self-sustaining; course fees cover all expenses. No support is received from state or local taxes.

Participation Guidelines
Participants, or their representatives, who behave in a manner which is disruptive to the learning process, interfere with the well-being of other participants or staff, or causes damage to University or contracted facilities, may be asked not to return to the class.

Special Accommodations/Needs
If you have a disability and require special accommodations, please contact us at (915) 747-5142 or ppp@utep.edu.

Register Early
A class is closed when it reaches maximum enrollment, so please register early. Classes that do not meet the minimum enrollment will be canceled. Registrants will be notified of course cancellations by phone and e-mail. Please provide day and evening phone numbers, as well as an e-mail address, with your registration. Refunds will be processed automatically for courses canceled by Professional & Public Programs. Please allow two to three weeks for processing.

Professional & Public Programs reserves the right to cancel any course. Class locations, dates, times and instructors are subject to change.

Refund/Credit Voucher Policy
To keep cost as low as possible, we have instituted the following refund and credit policy. For your protection, we ask that you carefully review the terms below. Exceptions will not be made.

If you choose to withdraw from a course for any reason, your written request must be received by Professional & Public Programs three business days prior to the first class meeting. A full refund of your registration, less a $15 processing fee per course and cost of materials and/or lab fees, will be given. Please allow two to three weeks for processing. Refund requests must include your name, daytime telephone number, the course number or name, and reason for dropping the course. Telephone requests will not be accepted.

Please note: Certain courses are governed by their own refund policy.

Credit vouchers will be given when you withdraw from a class is within one to two business days prior to the first class meeting. Vouchers must be used toward another class of equal or greater value no later than Aug. 31, 2017. Each voucher will be issued in the amount of the registration, less a $15 processing fee and cost of materials and/or lab fees. Credit voucher requests must include your name, daytime telephone number, and the course number or name. Telephone requests will not be accepted.

Please note: Certain courses are governed by their own voucher policy.

No refunds will be given on or after the first class meeting. A $25 fee will be charged for returned or canceled checks.

Send your request via:
E-mail: ppp@utep.edu
Fax: (915) 747–5538
Mail: The University of Texas at El Paso
Professional & Public Programs

ALTERNATIVE P.M. CARE OPTIONS - YOUTH AQUATICS

Summer Cool Off Class
This summer cool off course will provide participants with aquatics experience that will allow them to take the plunge and learn to swim through P3’s Aquatic Youth Program.

Techniques will be taught in logical and progressive stages, focusing on safety skills while building self-confidence in the water.
Swimming instruction ranges from beginner to intermediate swimmers.

Please bring a change of clothes, goggles and towel. Change time is incorporated into the allotted timeframe of the course.

Look for the P3 Kidz Abroad Camps, P3 Kidz on the Move and P3 Kidz Digital Technology icons to identify if your camp includes this program. For complete course descriptions of each summer camp listed on our at a glance calendar, check pages 14-28. Summer camps are listed in chronological order and by entering school grades.

---

**P3 Kidz Abroad Camps**

Prepare yourself for an adventure exploring people, languages, and a culture different from your own! P3 Kidz Abroad offers children entering 1st through 8th grade the opportunity to participate in various one-week language and culture exploration experiences. Choose to transport your minds to France, Italy, Mexico, and Russia.

Children may also participate in programs for English as a Second Language. All programs feature cultural activities and language development.

**P3 Kidz on the Move**

P3 Kidz on the Move is a program component that is integrated in selective weekly camps. This program is based on the philosophy of developing strong bodies in partnership with strong minds.

It focuses on skill-building, coordination, teamwork, and goal-setting in a non-competitive physical atmosphere.

**P3 Kidz Digital Technology**

Look what is new, immersed in the fabulous world of Digital Technology (DT).

DT includes: 2D, 3D and computer camp courses.

register at ppp.utep.edu • 915.747.5142
Math is Fun
Making math fun is vital to establishing a solid foundation for your child’s future academic success. In this course, easy-to-learn techniques with fun games will help students learn basic mathematics and also help them develop confidence in their abilities.

17SKMT1KA1 | Fee: $80 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F
9 a.m. to 12 p.m.

Jr. Space Explorers
Through this course, students will explore the universe and learn all about the planets and solar system. Additionally, students will create their own solar system model using the knowledge acquired during the course.

17SKSC1KP1 | Fee: $85 | Meetings: 5
6/5 - 6/9 M, Tu, W, Th and F 1 to 4 p.m.

I Am a Mini Reader
Students will learn the basics of reading by developing phonics, phonemic awareness and vocabulary through the use of sight words.

17SKRD2KA1 | Fee: $80 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F
9 a.m. to 12 p.m.

Science Disaster Blaster
This class teaches students about natural disasters (volcanoes, tornadoes, hurricanes, etc.), the Earth’s water cycles, and the impact the moon has on our ocean. Additionally, students will be given the opportunity to make mini-versions of various natural disasters in-class.

17SKSC2KP1 | Fee: $85 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 1 to 4 p.m.

Tackling the Tools of Writing
In this writing-based course, students will enhance their understanding of basic grammar skills. On top of increasing their writing capabilities, students will also build upon their self-confidence. Some of these activities include: daily writing prompts, use of books, letters and much more.

17SKWR3KA1 | Fee: $80 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F
9 a.m. to 12 p.m.

Tumblemania
Students will be introduced to basic gymnastics skills (rolling, hand support and balancing) in a positive, fun and energetic learning environment. Students will also develop their locomotor skills via hopping, skipping and running, as well as improve upon their social awareness skills (sharing, taking turns, and courtesy). Required materials: comfortable clothes, socks and shoes.

17SKHF3KP1 | Fee: $80 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F 1 to 4 p.m.

17SKHF6KA1 | Fee: $80 | Meetings: 5
7/10 - 7/14 M, Tu, W, Th and F
9 a.m. to 12 p.m.

Start Smart Sports
Through this course, students will build upon their developmental skills in an effort to enhance their performance in different sports. Additionally, students will practice hitting, kicking, catching and throwing balls.

17SKHF4KA1 | Fee: $80 | Meetings: 5
6/26 - 6/30 M, Tu, W, Th and F
9 a.m. to 12 p.m.

Dinosaur Dig Science
Let’s travel back to prehistoric times and discover all kinds of dinosaurs! Discover the different types of dinosaurs and what they looked like. Learn about paleontology and explore different activities that will uncover the ancient Earth.

17SKSC4KP1 | Fee: $85 | Meetings: 5
6/26 - 6/30 M, Tu, W, Th and F 1 to 4 p.m.

Hands on for Math
In this camp, participants will work upon their basic pre-math and literacy skills. This camp will build a foundation for early childhood education.

17SKMT5KA1 | Fee: $80 | Meetings: 5
7/10 - 7/14 M, Tu, W, Th and F 1 to 4 p.m.

Painting Numbers & Letters
Students will better their understanding of numbers and letters through various forms of art-based activities (draw, paint and color).

17SKAR8KP1 | Fee: $80 | Meetings: 5
7/24 - 7/28 M, Tu, W, Th and F 1 to 4 p.m.
**Jr. Scientists of the Future**

This camp will take participants through the process of scientific method. Throughout the camp, students will be able to formulate their own hypothesis for different experiments and put their critical thinking skills to work. At the same time, they will learn science concepts from each experiment, through the use of different chemical reactions.

**Kidz Science Matters**

In this camp, participants will be learning about the changing states of matter. Different projects will be performed to observe, manipulate and play with assorted materials. Kids will be making their own bounce balls, a cloud in a jar, ice coloring and much more.

**Kidz Sports Zone**

This camp utilizes sports and physical activity to promote the development of motor skills and cooperation in young children. Through this physical education program, participants will build strength, self-esteem and confidence, all while having fun with teamwork sporting activities.

**Jr. Chemistry Blast!**

Young chemists put on your gloves and safety goggles, as you jump into this fun introduction to chemistry. Students will mix up chemical mixtures to create blue-glowing light, instant snow and goo that climbs up out of its container all by itself. In addition, key chemistry concepts, such as: atoms, polymers, acids and much more will be discussed.

**Learning With Literature**

In this camp, participants will get the opportunity to develop a love and confidence in reading. By reading a story and extending it through hands on activities, the story will come to life. Participants will be more skillful in reading, while also increasing their overall understanding of what is being read.

**Jr. Scientist**

Does your child show an interest in science? This course will invoke their inner scientist, as they create experiments using everyday and household materials.

**Kidz Enjoying Exercise**

Participants will acquire knowledge of physical fitness concepts and the benefits of an active healthy lifestyle. Participants will engage in locomotor movement patterns that include crawling, running, jumping, hopping, skipping and non-locomotor movements that involve bending, stretching, twisting, and turning, all while having fun.

**Ready Set Read!**

In this course, students will work upon their independent reading skills by further understanding the use of phonics and word-attacking techniques. Emphasis will also be placed on effective literacy that engages, motivates and helps students succeed in reading and grammar.

**Kidz Science Magnetized**

This camp covers basic electricity concepts and magnetism for kids. Activities participants will engage in include making paper circuits, magnetic slime, a magnet powered car and much more. Participants will learn about science, technology, engineering, art and math throughout each experimentation in this camp.

**Mini Veterinarians Camp**

Get ready to explore the exciting world of animal science and veterinary fun during a whole week filled with hands-on experiments. We’ll have visits from many exotic live animals, such as geckos, snakes and gerbils. In addition, students will investigate animal behavior, learn how to tell if an animal is sick, what to do if they find an injured animal, as well as design toys for their pets.

**Doodles & Design Studios**

This class will allow students to learn and create various designs and textures (soft, fuzzy, rough, bumpy, and smooth) using different objects (feathers, beans, foil, string, glue, sand and salt). This class also encourages students to use various art mediums, such as: acrylics, watercolor, pastels, and markers in order to create fun designs.

**Spanish - Español Para los Chiquitos**

The methodology used in this course is ideal for children who do not yet read or are currently learning Spanish. The text book and CD activities focus on auditory comprehension and interactions, and include word recognition, speaking, coloring, drawing and simple exercises to begin developing writing skills.
Marvelous Math
Marvelous Math is full of hands-on activities that will help children understand concepts, such as addition, subtraction and comparing objects by measurable attributes. An understanding of place value and basic money concepts will also be addressed.

**17SKMT51P1**
- Fee: $75
- Meetings: 4
- 7/3 - 7/7
- M, W, Th and F to 1 p.m.
- No class on 7/4

**17SKMT91P1**
- Fee: $80
- Meetings: 5
- 7/31 - 8/4
- M, Tu, W, Th and F to 4 p.m.

**Abacadabra! Wizardry Camp**
Discover a magical side of science, as your child engages with fantastic color changing swamp potions, mysterious glowing balls, worm-flavored jelly beans, dragon eggs, magic wands and much more. This enchanting camp will immerse your child through projects, such as turning milk into plastic, or levitating objects off the ground.

**17SKSC51P2**
- Fee: $80
- Meetings: 4
- 7/3 - 7/7
- M, W, Th and F to 4 p.m.
- No class on 7/4

**Start Smart Sports**
Through this course, students will build upon their developmental skills in an effort to enhance their performance in different sports. Additionally, students will practice hitting, kicking, catching and throwing balls.

**17SKHF61A1**
- Fee: $80
- Meetings: 5
- 7/10 - 7/14
- M, Tu, W, Th and F
- 9 a.m. to 12 p.m.

**Jr. Monster Science Laboratory!**
Step inside our frightfully fun scientific lab, if you dare! Join us as we serve chocolate covered bugs, mix up ghastly vampire slime, build a bone bridge, mummy box and much more. In addition, students will also engage with science demonstrations, such as: touching cow eyeballs, making creepy glow liquids, meeting live snakes, frogs, bugs, and other great projects/experiences.

**17SKSC61A1**
- Fee: $85
- Meetings: 5
- 7/10 - 7/14
- M, Tu, W, Th and F
- 9 a.m. to 12 p.m.

**Mix Media Remix**
In this class, students will have the opportunity to create fun and enjoyable mixed-media craft projects. They will learn to use different creative techniques (resist art, stamping, embossing and collaging). They will also be encouraged to be creative and learn how to mix and combine different art techniques and substances (rubbing alcohol, glue, food coloring) with various art tools to create interesting art projects.

**17SKAR61P1**
- Fee: $80
- Meetings: 5
- 7/10 - 7/14
- M, Tu, W, Th and F to 4 p.m.

**Kidz Physics through Lights, Color & Sounds**
Lights, colors and sounds will be explored through the use of physics. Participants will see how light travels and interacts with colors. Additionally, participants will be learning about sound and music through different activities. Kids will see why the sky is blue, make musical water glasses to play a song and conduct many more experiments.

**17SKSC61P2**
- Fee: $85
- Meetings: 5
- 7/10 - 7/14
- M, Tu, W, Th and F to 4 p.m.

**Beginnings to Broadway**
Kidz Acting Camp
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

**17SKPA71A1**
- Fee: $80
- Meetings: 5
- 7/17 - 7/21
- M, Tu, W, Th and F
- 9 a.m. to 12 p.m.

**Kidz Science Motion: Up & Down**
Participants in this camp will engage in a series of fun hands-on activities and experiments that involve making a painting pendulum, balloon rockets and much more. Participants will learn about science, technology, engineering, art and math throughout each experimentation.

**17SKC71A2**
- Fee: $85
- Meetings: 5
- 7/17 - 7/21
- M, Tu, W, Th and F
- 9 a.m. to 12 p.m.

**Ready to Read & Spell**
This camp will provide the opportunity for participants to improve upon their reading skills. Participants will engage in activities to improve comprehension and integration in order to make progress in their reading proficiency.

**17SKRD71P1**
- Fee: $80
- Meetings: 5
- 7/17 - 7/21
- M, Tu, W, Th and F to 4 p.m.

**Dr. Zoo-euss Laboratory!**
Discover the best of Dr. Seuss by running a wacky zoo and engaging with fantastic scientific experiments. Enjoy live animal visits, build helicopter bugs, meet the real “yertle turtles,” cook-up stretchy
green eggs and ham, create Grinch goo, glupppy glup, schloppity schlopp and much more.

**Kidz STEM Challenge**
Participants will be creating marble slides, wind powered cars and other structures for an in-class friendly tournament. Participants will learn about the engineering, mathematical calculations, science, technology and art behind each assignment.

**Scientists of the Future**
This camp will take participants through the process of scientific method. Throughout the camp, students will be able to formulate their own hypothesis for different experiments and put their critical thinking skills to work. At the same time, they will be learning science concepts from each experiment through different chemical reactions.

**Conquering Math**
In this camp, participants will cover the basic foundations of mathematical skills necessary for participants to achieve success during their elementary academic years.

**You Art to Know**
This class will allow students to gain knowledge and appreciate the history of art. For example, Pablo Picasso's cubism period, Salvador Dali's surrealism period, and Andy Warhol's pop art period. They will grab inspiration from famous artists and their techniques to create artworks similar to their style.

**Dinosaurs Alive and Cretaceous Critters!**
Discover how large dinosaur footprints were, the technology and art behind each assignment.

**Kidz Get On Your Feet & Dance**
This fun dance class will teach your child the most creative and modern dance moves, while also helping develop locomotor skills, leadership and self-esteem. The world of dance can be a fun place in which children interact with each other and express themselves in a safe, judgment-free space.

**ENTERING GRADES 3-5**

**Spanish for Youth**
In this introductory course, students will learn about basic Spanish language elements (vocabulary, phrases, etc.). Topics to be discussed include: the alphabet, everyday greetings, numbers, colors, shapes, days of the week, months, and much more.

**Tackling the Tools of Writing**
In this writing-based course, students will enhance their understanding of basic grammar skills. On top of increasing their writing capabilities, students will also build upon their self-confidence. Some of these activities include: daily writing prompts, use of books, letters and much more.

**H2O Kidz Science**
Participants will understand the properties and facts of H2O (water). During the camp, participants will go over water facts, properties and the water cycle. Participants will engage in activities of how clouds make rain, recreating of an oil spill, the purification process of water and much more.

**El Paso Style Mexican Cooking for Kidz**
Mexican food is well known here in the borderland and overall a favorite cuisine. Participants in this course will obtain a hands-on cooking experience that engages with borderline flavors. In addition, they will learn how to make homemade tortillas, how to handle chili peppers, preparation and food sanitation guidelines, and a wide variety of different Mexican recipes. Lectures are enhanced by classroom activities and handouts.

**Junior Excellent Engineering Lab!**
Jr. Engineers will explore different fields of engineering through hands-on projects and learn to think like an engineer through various building challenges. Using the materials provided, students will construct catapults, merry-go-rounds, air powered hover crafts, mazes, pinball games and much more. At the end of the course, students will be allowed to take home their projects.

**Swimming Conditioning and Fitness for Youth (ENTERING GRADES 3-12)**
Take the plunge into our pool through this camp. This camp will help you develop your technique, fitness and conditioning. The camp is designed for those who wish to perform four different swimming styles (front crawl, backstroke, breaststroke and butterfly). Change time is incorporated into the allotted timeframe of the course.

**Kidz 2D Video Gaming**
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. In this course, students will create a 2D platformer game from the ground up. They will use their own graphics and art and code the player, enemies and obstacles. Creativity is encouraged and no two games are alike.

**Register at ppp.utep.edu • 915.747.5142**
Chemistry Blast!
Young chemists put on your gloves and safety goggles, as you jump into this fun introduction to chemistry. Students will mix up chemical mixtures to create blue-glowing light, instant snow and goo that climbs up out of its container all by itself. In addition, key chemistry concepts, such as: atoms, polymers, acids and much more will be discussed.

17SKC23A1 | Fee: $85 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Creative Cartooning
Through this course, students will learn how to draw creative works of art in a cartoon format. The course functions in a step-by-step process in an effort to ease students into more complicated strategies and drawings.

17SKR23A2 | Fee: $80 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Easy American Southeastern
Comfort Food for Kidz
Welcome to American southeastern cuisine. Students will learn hands-on guidelines for a variety of homemade cooking methods, such as: roasting, frying and stewing in a smothered gravy sauce. Three broad areas will be discussed: a brief history of foods, food safety preparation and sanitation rules, and cooking techniques and food recipes. Lectures are enhanced by classroom activities, and handouts.

17SLH23A3 | Fee: $125 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Exploring Creative Writing
Students enhance their ability to express themselves, by building upon their writing skills. This course gives students the opportunity to learn different writing techniques, as well as how to utilize their emotion.

17KWR23A4 | Fee: $80 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Science Matters
In this camp, participants will be learning about the changing states of matter. Different projects will be performed to observe, manipulate and play with assorted materials. Kids will be making their own bounce balls, a cloud in a jar, ice coloring and much more.

17KSC23P1 | Fee: $85 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 1 to 4 p.m.

Kidz 3D Video Gaming
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Students will create a 3D game from the ground up, learn the basics of modeling and animation, as well as code the player character, enemies, obstacles and/or puzzles. If time allows, projects will be ported to virtual reality devices.

17SKIT23P2 | Fee: $185 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 1 to 4 p.m.

17SKIT73A3 | Fee: $185 | Meetings: 5
7/12 - 7/21 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Youth Empowerment Sport Camps
This camp will incorporate core values such as teamwork, sportsmanship and leadership. The various drills and games will provide participants with a solid foundation in sports and enable participants to retain skills learned in a fun, friendly environment. Our week-long program is designed to teach sports skills through games, exercise and conditioning with an emphasis on nutrition and health.

17KHF23P3 | Fee: $80 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 1 to 4 p.m.

17KHF83A4 | Fee: $80 | Meetings: 5
7/22 - 7/28 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Rising Up to Reading and Writing
Students will focus on strategies that will enhance their writing skills, learn about various genres and the writing process, as well as engage with their creative side through this course. This course will teach students how to get to the good stuff; the powerful imagery required telling the stories they want to tell.

17KRD33A1 | Fee: $80 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F 9 a.m. to 12 p.m.

17KRD73A4 | Fee: $80 | Meetings: 5
7/17 - 7/21 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Science Magnetized
This camp covers basic electricity concepts and magnetism for kids. Activities participants will engage in include making paper circuits, magnetic slime, a magnet powered car and much more. Participants will learn about science, technology, engineering, art and math throughout each experimentation in this camp.

17KSC33A3 | Fee: $85 | Meetings: 5
6/12 - 6/16 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Kidz Making Computers See
Explore different areas in technology, design and computer science through this engaging and exciting course. Students will modify a gesture recognition program (through a kinect sensor), act out their own poses, as well as code them. The objective is for students to understand how computers interpret information through cameras.

17KSKIT33A4 | Fee: $185 | Meetings: 5
6/14 - 6/23 M, Tu, W, Th and F 9 a.m. to 12 p.m.

Math Counts
This camp is designed to introduce fundamental math skills. Participants will develop critical reasoning skills and a genuine understanding of the logical reasoning processes to solve math problems. This course will help participants develop a understanding of concepts about numbers, sets and relations. This course serves as an introduction of how to apply mathematics that are usually brushed over in traditional math classes.

17KKT33P1 | Fee: $80 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F 1 to 4 p.m.

17KTM83P2 | Fee: $80 | Meetings: 5
7/22 - 7/28 M, Tu, W, Th and F 1 to 4 p.m.

Spanish for Youth
In this introductory course, students will learn about basic Spanish language elements (vocabulary, phrases, etc.). Topics to be discussed include: the alphabet, everyday greetings, numbers, colors, shapes, days of the week, months, and much more.

17LZS33P2 | Fee: $80 | Meetings: 5
6/19 - 6/23 M, Tu, W, Th and F 1 to 4 p.m.
Fun and Easy 30 Minute Meals for Kidz
In this course, students will prepare a home cooked meal, including dessert in just 30 minutes. This course will help your student learn how to make easy and delicious meals in order to fit family pleasing home cooking into your busy day. Students will be cooking in culinary style with fresh ingredients and fast food preparation. Two broad areas will be addressed: food safety guidelines and cooking techniques. Lectures are enhanced by classroom activities and handouts.

Paint Strokes for Artist
In this course, participants will learn different painting techniques and styles in order to inspire creativity and foster originality. Participants will cover basic color schemes/harmonies, basic painting techniques like gradient blending, wet on wet, underpainting, amongst others. These will be introduced through art projects and exercises.

Animals: A Zoology Adventure!
Jump into the animal kingdom through this exciting camp! Experience hands-on animal encounters with reptiles and furry creatures, learn all about zoology, investigate how smart certain animals can be and perform a dissection. In addition, students will learn about snakes, lizards, invertebrates, gerbils, crabs and much more.

Science Germs
Students in this class will be learning about microorganisms and their significance to their health. Additionally, children will have the unique opportunity to perform experiments to observe germs, test disinfectants on them, make germ models and more.

Art-Cycle Like a Genius
Recycling material to repurpose it into an artwork takes skill and imagination, and in this course, both will be encouraged and guided. Participants will use contemporary and alternative materials to create their original artwork, but also, to create impromptu art materials. These creative and problem solving skills will benefit participants during the course as well as for their future.

Easy Grilling and Baking for Kids
Allow your child to engage with hands-on grilling and baking through this course. Students will learn how to prepare food on a grill both outdoors and indoors, as well as learn a variety of new recipies/cooking techniques, such as: cooking ribs, homemade hamburgers, grilled pizza and much more. Two broad areas will be addressed: grilling food safety guidelines and cooking techniques.

Cheer Fundamentals:
Beginners and Intermediate
This course addresses cheering fundamentals and is designed for individuals of all skill levels. Topics which will be addressed in class include: fundamental and proper technique, stretching, jumping, learning cheers/chants, dancing and much more. At the completion of this course, students will be able to successfully preform an exciting and energized routine with synchronized movements.

Kidz Making Computers Move
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Using a mindstorm LEGO robot, students will create an object such as a vehicle, animal, dinosaur, robot, spaceship, or whatever they can imagine. Their robot will then be programmed through a phone app to move and perform different tasks depending on the shape and its capabilities. This will teach them basic concepts in programming, math and robotics.

Kidz Making Computers Feel
Computers cannot “feel,” but they receive input through mouse clicks and keystrokes. Using a “makey makey,” students will connect real-world objects and make them touch sensitive as well. They will start by creating simple popular projects such as a banana piano, or a water drum set, and then explore their own ideas and objects.

The Art of Persuasion
Less arguing and more debating! Using engaging and entertaining fundamental debate strategies, students in this course swiftly learn to apply vital methods such as, critical listening, argument development and reasoning. Additionally, students gain the experience of working in debate teams, enhancing their social communication abilities and building friendships.

The Heart of Italian Cuisine
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing dishes and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

Jiu Jitsu for Kids (AGES 6-12)
Children will learn the basics of jiu jitsu for the purpose of self defense and building confidence in a safe and monitored environment. Jiu jitsu is a martial art based on controlling opponents, through the use of joint locks, body holds and positioning. It also serves as a great cardiovascular workout.

AbraCADABRA! Science Workshop
Discover a magical side of science, as your child engages with fantastic color changing swamp potions, mysterious glowing balls, worm-flavored jelly beans, dragon eggs, magic wands and much more. This enchanting camp will immerse your child through projects, such as turning milk into plastic, or levitating objects off the ground.

Fun Holiday Baking and Cooking for Kidz
Learn how to impress your guests with fun holiday foods. From scary ghost cupcakes, pumpkin pies, gooey beverages, to Christmas cookies, students will learn how to make fun and easy holiday recipes. In addition, the following areas will be discussed: food safety preparation, sanitation rules, cooking techniques and food recipes.

Preparing for Basketball with Coach Samaniego (AGES 8-14)
In this course, participants will engage with basketball drills and conditioning methods in order to play the game of basketball more effectively and efficiently. Students will participate in skill orientated basketball games and developmental techniques, all while having fun.

H2O Science
Participants will understand the properties and facts of H2O (water). During the camp, participants will go over water facts, properties and the water cycle. Participants will engage in activities of how clouds make rain, recreating an oil spill, the purification process of water and much more.

Youth Italian Cuisine
Join us in an engaging trip across Italy! Pick up the challenge of preparing delicious food, impressing your friends and parents in the process. Obtaining the rewarding feel of being able to prepare amazing dishes whenever you want. The aim of the classes is to show how to: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

Color Theory Made Easy
Participants will use basic color schemes and different mediums to create their own unique artwork. Creativity and imagination will be a focal point in this camp.

Beginnings to Broadway Youth Acting Camp
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

Thinking Green & Creating Art
In this class, students will have the opportunity to create fun and interesting art projects using recycled materials (Popsicle sticks, water bottles, bottle caps, tin cans, egg cartons, etc.). This class will teach the students how to practice and play various sports in a safe and positive environment. Additionally, students will learn about the history and rules of each sport, while building upon their current fitness level.

Voice Carry
This class allows students to improve upon their singing/music skills by focusing on voice techniques, such as: breathing, support, projection and much more. Additionally, students will learn how to read music, how to use their voice as an instrument and discover their personal voice.

Egyptian Mummies, Gems, Rocks and Minerals!
Come and explore the myths and mysteries of ancient Egypt through the study of archaeology! Explore topics, such as: long lost cities, secret tombs, pharaohs, ancient artifacts, scarabs, mummies, hieroglyphics and much more. In addition, students will explore Sahara desert, learn about erosion, rock types and other related topics.

Kidz Move to the Groove: Dance Camp
This fun dance class will teach your child the most creative and modern dance moves, while also helping develop locomotor skills, leadership and self-esteem. The world of dance can be a fun place in which children interact with each other and express themselves in a safe, judgment-free space. Students must bring comfortable clothes to dance with and wear closed shoes.

Italian Feast
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing dishes and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. 6/26 - 6/30 | M, Tu, W, Th and F 1 to 4 p.m.

17SKAQ1065 | Fee: $125 | Meetings:  4
7/3 - 7/7 | M, W, Th and F 1 to 4 p.m.

17SKAQ1066 | Fee: $143 | Meetings:  5
7/10 - 7/14 | M, Tu, W, Th and F 1 to 4 p.m.

World Wide Art
Participants in this course are exposed to art around the world, each day learning about the popular styles and pronounced artists of each site. This summer, participants will visit Greece, Mexico, Japan, Poland and Israel, as well as create their own works of arts to mirror these destinations.

17SKAR26P1 | Fee: $80 | Meetings:  5
6/12 - 6/16 | M, Tu, W, Th and F 1 to 4 p.m.

Easy American Southeastern Comfort Food For Teens
Welcome to American southeastern cuisine. Students will learn hands-on guidelines for a variety of homemade cooking methods, such as: roasting, frying and stewing in a smothered gravy sauce. Three broad areas will be discussed: a brief history of foods, food safety preparation and sanitation rules, and cooking techniques and food recipes. Lectures are enhanced by classroom activities, and handouts.

6/26 - 6/30 M, Tu, W, Th and F 1 to 4 p.m.

| Fee:  $80 | Meetings:  5

Introduction to Photography and Photoshop
This course lays the foundation for understanding the basics of digital photography and photoshop. Specific topics that will be discussed include: how to alter existing images, enhance colors, the art of lighting and much more.

Required materials: digital camera, or a cell phone with picture capabilities and camera manual.

17SKLH26P3 | Fee: $80 | Meetings:  5
6/12 - 6/16 | M, Tu, W, Th and F 1 to 4 p.m.

17SKLH66P3 | Fee: $80 | Meetings:  5
7/10 - 7/14 | M, Tu, W, Th and F 1 to 4 p.m.

Introduction to Graphic Design
This class lays the foundation for understanding graphic art and design. Areas of emphasis include: how graphic design is used in advertising and marketing, elements of product promotion, photoshop and much more.

17SKLH36A1 | Fee: $80 | Meetings:  5
6/19 - 6/23 | M, Tu, W, Th and F 9 a.m. to 12 p.m.

17SKLH76A3 | Fee: $80 | Meetings:  5
7/17 - 7/21 | M, Tu, W, Th and F 9 a.m. to 12 p.m.
Fun and Easy 30 Minute Meals for Teens
In this course, students will prepare a home cooked meal, including dessert in just 30 minutes. This course will help your student learn how to make easy and delicious meals in order to fit family pleasing home cooking into your busy day. Students will be cooking in culinary style with fresh ingredients and fast food preparation. Two broad areas will be addressed: food safety guidelines and cooking techniques. Lectures are enhanced by classroom activities and handouts.

17SKLH36A2 | Fee: $125 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

KOTM: Stay Active This Summer Youth Multi-Sport Camp
Each student will receive professional instruction on how to practice and play various sports in a safe and positive environment. Additionally, students will learn about the history and rules of each sport, while building upon their current fitness level.

17SKHF36A3 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Intro to Ceramics
In this camp, participants will engage in basic ceramics making. They will learn how to make cups, bowls, plates and more in this hands on camp.

17SKAR36P2 | Fee: $80 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 1 to 4 p.m.
17SKAR96P3 | Fee: $80 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F 1 to 4 p.m.

Teens Making Computers See
Explore different areas in technology, design and computer science through this engaging and exciting course. Students will modify a gesture recognition program (through a kinect sensor), act out their own poses, as well as code them. The objective is for students to understand how computers interpret information through cameras.

17SKIT36P1 | Fee: $185 | Meetings: 5
6/19 - 6/23 | M, Tu, W, Th and F 1 to 4 p.m.

Teens Making Computers Move
This summer camp encourages young students to explore different areas in technology, design and computer science through hand-on activities. Using a mindstorm LEGO robot, students will create an object such as a vehicle, animal, dinosaur, robot, spaceship, or whatever they can imagine. Their robot will then be programmed through a phone app to move and perform different tasks depending on the shape and its capabilities. This will teach them basic concepts in programming, math and robotics.

17SKIT46A1 | Fee: $185 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

17SKLH46P2 | Fee: $125 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F 1 to 4 p.m.

Teens Actors’ Theatre Camp
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

17SKPA46A2 | Fee: $80 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Guitar Rocks
In this class, participants will be introduced to the basics of learning how to play guitar. Topics covered include chords, proper hand placement, musical notes and rhythms and simple melodies. This course is designed for students with very little or no prior guitar experience.

Required materials: acoustic guitar and guitar pick.

17SKPA46A3 | Fee: $80 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Math Application Prep
This course focuses on strategies for success in mathematics. This course teaches fundamental math skills in different areas, such as: pre-algebra, algebra, geometry and pre-calculus. Students will develop good mathematical study skills and learning strategies as an integral part of this course. This course covers a wide array of topics, such as: number systems, fractions, decimals, linear exponents, ratios and much more.

17SKMT46P3 | Fee: $80 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F 1 to 4 p.m.
17SKMT96A1 | Fee: $80 | Meetings: 5
7/31 - 8/4 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Voice Carry
This class allows students to improve upon their singing/music skills by focusing on voice techniques, such as: breathing, support, projection and much more. Additionally, students will learn how to read music, how to use their voice as an instrument and discover their personal voice.

17SKPA56A1 | Fee: $75 | Meetings: 4
7/3 - 7/7 | M, W, Th and F 9 a.m. to 12 p.m.
No class on 7/4

Middle School Math Prep
This class will help your child develop the math skills required to succeed in sixth, seventh and eighth grade. Topics that will be discussed include: equation solving, polynomials, graph types and much more.

17SKMT56A2 | Fee: $75 | Meetings: 4
7/3 - 7/7 | M, W, Th and F 9 a.m. to 12 p.m.
No class on 7/4

Sculpture 101
In this camp, participants will build their own 3D sculpture through the use of recycling material and household items. The ability to use these items and create artwork takes skill and imagination, which will be encourage and guided during this camp. The creative and problem solving skills gained in this course will also benefit participants in their future endeavors.

17SKAR46P1 | Fee: $80 | Meetings: 5
6/26 - 6/30 | M, Tu, W, Th and F 1 to 4 p.m.
Teens Making Computers Feel
This summer camp encourages young students to explore different areas in technology, design and computer science through hands-on activities. Computers cannot “feel,” but they receive input through mouse clicks and keystrokes. Using a “makey makey,” students will connect real-world objects and make them touch sensitive as well. They will start by creating simple popular projects such as a banana piano, or a water drum set, and then explore their own ideas and objects.

17SKIT66A1  |  Fee: $185  | Meetings: 5
7/10 - 7/14  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Perfecting Drawing Techniques
This week, our eyes and hands will work together to learn drawing techniques, which will equip participants to render the human body and face more accurately. There will also be lots of space for creativity and expression, as participants will be exposed to realistic and abstract artists, as a means of inspiration. Drawing pencils, charcoal and eraser techniques will be explored.

17SKAR66A2  |  Fee: $80  | Meetings: 5
7/10 - 7/14  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Preparing for Pre-Algebra
This class is designed to aid participants in mathematics. Participants will strengthen their math skills by expanding their knowledge of key concepts in pre-algebra.

17SKMT66A3  |  Fee: $80  | Meetings: 5
7/10 - 7/14  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.

Arabic Summer
A fun, unique course designed to introduce kids to the Arabic language and culture through lots of games and activities. Kids will learn how to introduce themselves and others, exchange simple conversations, and recognize Arabic letters, numbers, colors and shapes. The goal of this course is to equip students with the basic reading, writing, listening and speaking skills in Arabic.

17SLYA66P1  |  Fee: $80  | Meetings: 5
7/10 - 7/14  |  M, Tu, W, Th and F 1 to 4 p.m.
17SLYA66P2  |  Fee: $80  | Meetings: 5
7/10 - 7/14  |  M, Tu, W, Th and F 1 to 4 p.m.

Multicultural Cooking & Baking Recipes for Teens
In this course students will learn 4 different food cuisines. The following cuisines are Italian, Asian, Mexican, American and by the end of the week will bake a variety of multicultural desserts. Students will engage in cooking and baking in different techniques and experience the differences in each cuisine cultural. Two broad areas are addressed: food safety preparation and sanitation rules; and cooking techniques and recipes. Lectures are enhanced by classroom activities and handouts.

17SKLH66P2  |  Fee: $125  | Meetings: 5
7/10 - 7/14  |  M, Tu, W, Th and F 1 to 4 p.m.

Fun Holiday Baking and Cooking for Teens
Learn how to impress your guests with fun holiday foods. From scary ghost cupcakes, pumpkin pies, goopy beverages, to Christmas cookies, students will learn how to make fun and easy holiday recipes. In addition, the following areas will be discussed: food safety preparation, sanitation rules, cooking techniques and food recipes.

17SKPA86A2  |  Fee: $80  | Meetings: 5
7/24 - 7/28  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.

French Camp
This class is designed to immerse children in French language and culture, through a series of interactive and fun activities. A focus will also be placed in enhancing the student’s reading, writing and listening skills.

17SLYF76P1  |  Fee: $80  | Meetings: 5
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.

Art at Heart
Participants will be equipped with practical and basic art techniques and styles, to encourage each student to experiment with their own creativity. Art doesn’t need to take hours and it doesn’t have to look a certain way to be art; this week is all about quick, fun, practical and creative solutions to artwork.

17SKAR76P3  |  Fee: $80  | Meetings: 5
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.

Beginnings to Broadway
This course will help your child develop artistic, expressive and cognitive skills through acting. Students will learn acting techniques through the use of their voices, bodies and emotions. They will work with short scenes and plays which will be showcased at the end of the course.

17SKPA76P4  |  Fee: $80  | Meetings: 5
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.

School of Rock
This course extends and expands upon concepts learned in a beginner class. Topics that will be discussed include: reading music, playing chords, melodies, scales and harmony. This course is suitable for late beginner and intermediate levels.

Required materials: acoustic guitar and guitar pick.

17SKPA86A2  |  Fee: $80  | Meetings: 5
7/24 - 7/28  |  M, Tu, W, Th and F 9 a.m. to 12 p.m.
Achieving Excellence in the Fundamentals of Writing

Students will be amazed on how they can master the art of academic writing through the use of basic techniques. By practicing different writing skills, as well as enjoying the exercises that are designed to engage the writer in them, students will begin to see their writing skills improve. This camp will allow students to discover methods that will make sentences come alive in the effort to grab their readers’ attention, produce quality reports and effective presentations.

175KWR86A3  |  Fee: $80  |  Meetings: 5  
7/24 - 7/28  |  M, Tu, W, Th and F  
9 a.m. to 12 p.m.

A Trip to Italian Cuisine

Join us in an engaging trip across Italy! Pick up the challenge of preparing delicious food, impressing your friends and parents in the process. Obtaining the rewarding feel of being able to prepare amazing dishes whenever you want. The aim of the classes is to show how to: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and fun environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

175KLR86P2  |  Fee: $125  |  Meetings: 5  
7/24 - 7/28  |  M, Tu, W, Th and F  
9 a.m. to 12 p.m.

Printmaking Made Easy

The art of printmaking has a variety of processes, purposes and prominent artists, all which will be discussed in this camp. Because printmaking is not accessible to everyone, participants will learn to create prints with tools and materials that can be easily done at home. Another fun twist to this camp involves mixing other styles, processes and mediums of art to our original prints.

175KAR86P3  |  Fee: $80  |  Meetings: 5  
7/24 - 7/28  |  M, Tu, W, Th and F 1 to 4 p.m.

Teen Italian Feast

Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing dishes and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

175KLR96A2  |  Fee: $125  |  Meetings: 5  
7/31 - 8/4  |  M, Tu, W, Th and F  
9 a.m. to 12 p.m.

Dance with Rhythm

This fun dance class will teach your child the most creative and modern dance moves, while also helping develop locomotor skills, leadership and self-esteem. The world of dance can be a fun place in which children interact with each other and express themselves in a safe, judgment-free space. Students must bring comfortable clothes to dance with and wear closed shoes.

175KPA96A3  |  Fee: $80  |  Meetings: 5  
7/31 - 8/4  |  M, Tu, W, Th and F  
9 a.m. to 12 p.m.

German Crash Camp

This course provides middle school students with a crash course study of the German language. Interactive learning methods will be used. Additionally, students will learn about German music and age appropriate games.

175LYG96P2  |  Fee: $80  |  Meetings: 5  
7/31 - 8/4  |  M, Tu, W, Th and F 1 to 4 p.m.

High School Zone - Summer Camps

ENTERING GRADES 9-12

Learning High School Math

This course focuses on improving and introducing the skills and concepts of high school mathematics. It takes students from algebra to functions, fundamental trigonometry, and an introduction to limits that will help them succeed.

175KMT19A1  |  Fee: $80  |  Meetings: 5  
6/5 – 6/9  |  M, Tu, W, Th and F  
9 a.m. to 12 p.m.

Swimming Conditioning and Fitness for Youth (ENTERING GRADES 3-12)

For complete course listings, see page 22.

Babysitter Certification (GRADES 6-12)

This training helps participants develop leadership skills, how to develop a babysitting business, as well as what it takes to be a safe and responsible babysitter. Babysitter, CPR and first-aid certification are included. Students are encouraged to wear comfortable clothing; however, tank tops are not permitted.

175KMT39A1  |  Fee: $80  |  Meetings: 5  
6/19 - 6/23  |  M, Tu, W, Th and F  
9 a.m. to 12 p.m.

Introduction to Graphic Design

This class lays the foundation for understanding graphic art and design. Areas of emphasis include: how graphic design is used in advertising and marketing, elements of product promotion, photoshop and much more.

175KLYH39P1  |  Fee: $80  |  Meetings: 5  
6/19 - 6/23  |  M, Tu, W, Th and F 1 to 4 p.m.

Insight to Algebra

This class is designed to help students understand topics related to algebra. Students will develop strong math skills based on applications involving critical thinking and problem solving in real life. The concept of function is emphasized throughout the course. Topics include: operations with real numbers, linear equations and inequalities, relations and functions, polynomials, algebraic fractions and nonlinear equations.

175KLYH79P1  |  Fee: $80  |  Meetings: 5  
7/17 - 7/21  |  M, Tu, W, Th and F 1 to 4 p.m.

SAT Math Preparation

This class prepares students to succeed on the math section of the SAT examination. In addition to reviewing major math subjects (pre-algebra, algebra and geometry), students will learn about the format of the test, time-saving strategies and how to deal with anxiety through different test preparation strategies. All materials included.
SUMMER CAMPS

ENTRERING GRADES 9-12

SAT Reading/ Writing Preparation
This class prepares students to succeed on the reading/writing section of the SAT examination. Topics, such as the format of the test, strategies on critical reading, memorization and understanding of proper writing functions (sentence completion, grammar, etc.) will be discussed. At the completion of this course, students will be able to organize their thoughts, interpret reading passages and use diverse vocabulary. All materials included.

17SKTS49P1  |  Fee: $143  |  Meetings: 5  
6/26 - 6/30  |  M, Tu, W, Th and F  |  9 a.m. to 12 p.m.

17SKTS99A1  |  Fee: $143  |  Meetings: 5  
7/31 - 8/4   |  M, Tu, W, Th and F  |  1 to 4 p.m.

Intro to Basic Design
In this camp, participants will learn the fundamentals of design and how you can apply them to your work. Learn about color theory, composition and much more.

17SKAR59A1  |  Fee: $75  |  Meetings: 4  
7/3 - 7/7    |  M, W, Th and F  |  9 a.m. to 12 p.m.

No class on 7/4

The Heart of Italian Cuisine
Join us in an engaging trip across Italy! Cooking is often thought as an adult occupation or hobby, but preparing dishes and learn things can be exceptionally rewarding and easy at a young age! The aim of the classes are: (1) prepare a healthy and tasty meal, (2) choose ingredients and (3) work safely in the kitchen, all while in an entertaining and playful environment. Every week there will be a different range of topics and recipes. Written material and supplies will be provided.

17SKLH59P1  |  Fee: $105  |  Meetings: 4  
7/3 - 7/7    |  M, W, Th and F  |  1 to 4 p.m.

No class on 7/4

Introduction to Photography and Photoshop
This course lays the foundation for understanding the basics of digital photography and Photoshop. Specific topics that will be discussed include: how to alter existing images, enhance colors, the art of lighting and much more.

Required materials: digital camera or a cell phone with picture capabilities.

17SKLH69A1  |  Fee: $80  |  Meetings: 5  
7/10 - 7/14  |  M, Tu, W, Th and F  |  9 a.m. to 12 p.m.

Reinforcing Your Algebra Skills
This class is designed to aid participants in mathematics. Participants will strengthen their math skills by expanding their knowledge of key concepts in algebra.

17SKMT69P1  |  Fee: $80  |  Meetings: 5  
7/10 - 7/14  |  M, Tu, W, Th and F  |  1 to 4 p.m.

Igniting Your Potential
This action-packed camp teaches participants skills, health and nutrition and overall foundation. It will provide students with the skills for personal happiness and success.

17SKLH79A1  |  Fee: $80  |  Meetings: 5  
7/17 - 7/21  |  M, Tu, W, Th and F  |  9 a.m. to 12 p.m.

Preparing for Calculus
This course focuses on strategies for success in calculus. Many broad areas are addressed, including functions (graphical, numerical, analytical and/or verbal). You will also understand the meaning of the derivative in terms of rate of change, local linear approximation, and through the use derivatives, solve a variety of problems.

Required materials: students will need notebooks and pens for taking notes, as well as a graphing calculator.

17SKMT89A1  |  Fee: $80  |  Meetings: 5  
7/24 - 7/28  |  M, Tu, W, Th and F  |  9 a.m. to 12 p.m.

Reading and Writing Strategies for High School
The course explores the essay writing process from the pre-writing stage to the revision stage. Participants work on practicing and mastering each step of the writing process before moving on to the next step. This course prepares students for writing essays for school assignments.

17SKRD89P1  |  Fee: $80  |  Meetings: 5  
7/24 - 7/28  |  M, Tu, W, Th and F  |  1 to 4 p.m.
Criminal Justice Summer Camp 2017: For Juniors and Seniors to Be
This criminal justice summer camp will expose participants to various aspects of the criminal justice system. Participants will observe the functions and operations of law enforcement agencies in the El Paso area, as well as visiting the El Paso County Courthouse where students may participate in a mock trial. Participants will also see live demonstrations by various specialized units. P3 will supply each participant with a T-shirt as part of your registration.

17SKLH1040 | Fee: $145 | Meetings: 5
6/26 - 6/30 M, Tu, W, Th and F
8:30 a.m. to 12 p.m.

Empowerment 4Girls by Women (ENTERING GRADES 6-9)
This camp provides a nurturing environment for young ladies, so that they may learn more about who they are. In addition, they will learn how to deal with the challenges and temptations teenage girls face. Facilitated by a dynamic group of professional women and community leaders, this camp will enhance your child’s self-esteem, character, interpersonal skills, health and nutrition and overall foundation.

17SKLH2017 | Fee: $150 | Meetings: 5
7/10 – 7/14 M, Tu, W, Th and F
9 a.m. to 4 p.m.

Leadership Institute (ENTERING GRADES 6-9)
This class will teach participants leadership skills and values which can be applied to one’s intellectual, professional and personal life. Additionally, students will be taught self-empowerment techniques, how to make good choices and how to plan for the future.

17SKLH0510 | Fee: $150 | Meetings: 5
7/17 – 7/21 M, Tu, W, Th and F
9 a.m. to 4 p.m.

Public Speaking: Debate Strategies Institute (ENTERING GRADES 6-8)
This course will enhance a student’s public speaking, logic and rhetoric skills. Two main topics (public speaking and debate strategies) will be discussed to teach participants to craft and deliver convincing speeches, as well as how to defend and/or attack other’s arguments.

17SKLH2003 | Fee: $150 | Meetings: 5
7/31 - 8/4 M, Tu, W, Th and F
9 a.m. to 4 p.m.

Junior Doctor Camp
This course explores human biology and medicine, as well as topics related to those that doctors engage with on a daily basis. Explore different body systems and engage with the study of medicine by conducting DNA extractions, making stretchy and slippery mucus, participating in a mock surgery, observing vital signs, simulating the drawing of blood and much more.

17SKSC2100 | Fee: $67 | Meetings: 1
6/10 Sa 9 a.m. to 4 p.m.

Little Engineers, Big Inventions!
Jr. Engineers will explore different fields of engineering through hands-on projects and learn to think like an engineer through various building challenges. Using the materials provided, students will construct catapults, merry-go-rounds, air powered hover crafts, mazes, pinball games and much more. At the end of the course, students will be allowed to take home their projects.

17SKSC2101 | Fee: $67 | Meetings: 1
6/17 Sa 9 a.m. to 4 p.m.

P3 Miners Flag Football Camp (AGES 8-14)
This camp will offer co-ed campers the opportunity to gain self-confidence while learning the importance of teamwork and sportsmanship. Through a combination of drills and games, campers will learn football fundamentals and standardized flag football rules in a fun and positive non-contact environment.

17SKHF2017 | Fee: $99 | Meetings: 1
6/17 Sa 9 a.m. to 4 p.m.

17SKHF2018 | Fee: $99 | Meetings: 1
7/22 Sa 9 a.m. to 4 p.m.

Dissections and Surgery for Kids!
Calling all future surgeons! Do you want to perform animal dissections or practice stitching up a wound? Take an up-close look at body structures and the internal anatomy of different animal species, as well as 3D dissection models related to our own body systems through this course. Specimens may include frogs, clams, earthworms, bullfrogs, snakes, grasshoppers, crayfish and much more.

17SKSC2102 | Fee: $67 | Meetings: 1
7/1 Sa 9 a.m. to 4 p.m.

Shark Lab and Deep Sea Science!
You don’t need a boat or scuba gear, because we are bringing the ocean to you. Students will dive right into the biology of sharks as they experiment with shark dimensions, diets, as well as examine a real-life shark. In addition, students will learn about color-changing cuttlefish, crayfish, coral reefs, spider crabs, octopi and clams.

17SKSC2103 | Fee: $67 | Meetings: 1
7/8 Sa 9 a.m. to 4 p.m.

Cookbook Chemistry Reactions!
Come and join us, as we finally get to play with our food. Students will be cooking up some chemistry fun as they investigate the reactions that happen in a kitchen. Topics to be discussed include: potatoes chemical batteries, color changing beet juice reactions, how to make sugar crystals, fizzy sherbets, edible slimes and much more.

17SKSC2104 | Fee: $67 | Meetings: 1
7/15 Sa 9 a.m. to 4 p.m.

Junior Veterinarians!
Does your child want to be a vet? Through this course, students will obtain an introduction to the exciting field of veterinary medicine and animal health activities. Students will explore topics, such as: animal behavior, first aid, dentistry care, diseases and much more. In addition, students will use a medical kit, interact with live animals, and conduct and engage with other related activities.

17SKSC2105 | Fee: $67 | Meetings: 1
7/22 Sa 9 a.m. to 4 p.m.

Lunch Policy for One-Day Camps: Students must bring their own lunch, beverages and snacks. See page 8 for more details about our supervised lunch options.
P3 KIDZ ON CAMPUS
ONE-DAY CAMPS

ENTRERING GRADES 6-12

Be a Nurse for a Day Camp
In this one-day workshop, participants will engage in hands-on activities, using the latest in equipment and technology in the nursing field (provided by UTEP’s Nursing Center for Simulation). By the end of this course, students will understand the skills and determination needed to succeed as a professional nurse.

HIGH SCHOOL STUDENTS ONLY:
• Campus tour
• Applying to Nursing School/Scholarship information
• Wrap-up/Evaluations/Final Q&A

(MIDDLE SCHOOL)
17SKLH0050 | Fee: $80 | Meetings: 1
7/28 Sa 9 a.m. to 2 p.m.

(HIGH SCHOOL)
17SKLH0060 | Fee: $85 | Meetings: 1
8/4 Sa 9 a.m. to 4 p.m.

Zip, Zap, Zoom Engineering!
Get ready to be amazed at what your mini-engineer can create through the use of everyday materials, hands-on engineering and their imagination. Students will learn about energy, air pressure, speed, friction, the laws of motion and much more. In addition, students will learn how to build a crane, slingshot car, snowmobile, homemade kite and other great contraptions.

17SKSC2106 | Fee: $67 | Meetings: 1
8/5 Sa 9 a.m. to 4 p.m.

Farmer for a Day Camp!
Junior farmers will love this hands-in-the-dirt fun course. Through hands-on projects and experiments, students will learn about farming, ecology and agriculture science. Students will go on an interactive farm scavenger hunt, investigate water pollution, conduct sandwich bag composting, examine wild animal tracks, create mini chicken coops and much more.

17SKSC2107 | Fee: $67 | Meetings: 1
8/12 Sa 9 a.m. to 4 p.m.

AQUATICS - LIMITED SPACE
Take the plunge and learn to swim with P3’s Aquatic Youth Program! The program teaches students swimming techniques in logical and progressive stages, focusing on safety skills in and around the water. It is designed to give students a positive learning experience and self-confidence in the water from a very young age.

Required: Students must bring goggles to class.

REGISTRATION WILL BE CLOSED TWO BUSINESS DAYS PRIOR TO THE BEGINNING OF THE CLASS.

FOR POOL ACCESS INFORMATION OR TO REGISTER, PLEASE CALL (915) 747-5142 OR VISIT OUR OFFICES IN KELLY HALL, SUITE 102, MONDAY TO FRIDAY, 8 a.m. TO 5 p.m.

P3 POOL ID CARD
All swimming pool participants must purchase a P3 Pool ID Card to enter the Student Recreation Center. The P3 Pool ID Card is offered for a one-time fee of $15 and can be used for future paid swimming courses as long as it is for the same person. P3 Pool ID Cards are activated and usable ONLY during the time and schedule of the purchased course.

STINGRAYS: Intermediate to Advanced Swimming Classes (AGES 5-17)
17SYAQ1000 | Fee: $93 | Meetings: 8
6/10 - 7/29 Sa 9 a.m. to 9:45 a.m.

DOLPHINS Swimming Class (AGES 7-17)
Beginner to Intermediate
17SYAQ1010 | Fee: $93 | Meetings: 8
6/10 - 7/29 Sa 10 a.m. to 10:45 a.m.

FROGS Swimming Class (AGES 5 & 6)
Beginner to Intermediate
17SYAQ1020 | Fee: $93 | Meetings: 8
6/10 - 7/29 Sa 11 a.m. to 11:45 a.m.

TADPOLES Swimming Class (AGES 3 & 4)
(Must be accompanied by parent or guardian)
NOTE: For ages 3 and 4, a parent or guardian must accompany each child in the water!
17SYAQ1030 | Fee: $93 | Meetings: 8
6/10 - 7/29 Sa 12 a.m. to 12:45 p.m.

Circuit Training

Circuit training is an excellent way to improve fitness, health and muscular strength. This class incorporates anaerobic and aerobic exercises for the entire body and will help you develop muscle definition. The class structure is designed to maintain high aerobic fitness levels and strengthen your muscles, utilizing medicine balls, elastic bands, dumbbells and more. Participants must wear comfortable workout clothes and bring slipper socks.

register at ppp.utep.edu • 915.747.5142 29
Boxing and Conditioning
Participants will learn training schemes and strategies related to proper boxing technique (distancing, timing, speed, power, eye-body coordination, etc.). Benefits include weight reduction, toned muscles, improved cardio-respiratory efficiency, increased muscular strength, endurance and flexibility.

**Required materials:** 16 oz. boxing gloves, hand wraps and a hand towel.

Yoga & Weight Loss

In this class, participants will work on yoga poses for muscle strength, flexibility, calorie burning and improved metabolism. They will also learn breathing exercises for relaxation awareness in an effort to help develop dieting choices, stress management and sleep patterns.

- **Tai Yo Pilates**

  This class combines concepts of traditional t’ai chi chuan, hatha yoga and pilates. Controlled movement in each tradition helps reduce physical and mental stress and promotes strength and flexibility growth. This combination of modes improves fitness and body composition through core strength, controlled breathing and body awareness, which in turn, supports efficient graceful movement. Participants should wear comfortable clothing and bring a yoga mat.

- **T’ai Chi Chuan I**

  T’ai Chi Chuan is a centuries-old Chinese martial art practiced for both its defensive and health benefits. In this introductory course, students will learn the 24 most popular steps of t’ai chi chuan (yang-style). Associated benefits include: reduced blood pressure levels and stress, and an overall increase to personal balance, breathing and circulation.

  **Level II intermediate students** will learn various styles of t’ai chi chuan, including the 42-step combined form, yang-style long form, etc.

  **Level III advanced students** will learn about the chen style, including cannon first, and chen-style weapons, etc.

  **Note**: Students must wear comfortable clothing and t’ai chi or athletic shoes.

  - **17SCHW7011** Fee: $49 Meetings: 8
    6/6 - 6/29 Tu and Th 6 to 7 p.m.
  - **17SCHW7012** Fee: $49 Meetings: 8
    7/11 - 8/3 Tu and Th 6 to 7 p.m.
  - **17SCHW7013** Fee: $49 Meetings: 8
    8/8 - 8/31 Tu and Th 6 to 7 p.m.

  **Healthy Cooking During Pregnancy**

  Through this course, aspiring and upcoming mothers will learn key steps towards building a healthier meal plan. Although no cooking is done in this course, there will be a large focus placed on learning how to replace unhealthy foods with alternatives, without putting the taste of the meal into jeopardy.

  - **17SCHW6001** Fee: $39 Meetings: 1
    6/14 W 6 to 8 p.m.
Adults – MUSIC, DANCE AND THEATRE

Violin Class - Level I
Students will learn the fundamentals of violin technique, practice and performance with a focus on basic music notation, theory and engaged active listening. Classes will also involve musical collaboration with the instructor. On completion of this course, the student should be able to successfully perform simple to intermediate violin pieces and small works. Outside classroom practice is expected and required.

17SCPA0169 | Fee: $77 | Meetings: 8
6/17 - 8/5 | Sa 10:30 a.m. to 12 p.m.

Classical Guitar - Level I
This course is designed for adults interested in learning to play the classical guitar. An emphasis will be placed on learning proper guitar technique, repertoire and style. Students will learn to read music, a basic history of classical guitar, as well as proper posture and tone.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

17SCPA0169 | Fee: $77 | Meetings: 8
6/17 - 8/5 | Sa 10:30 a.m. to 12 p.m.

Classical Guitar - Level II
This course is designed for adults interested in continuing and enhancing their study of classical guitar and guitarists. Students will learn to read music, a basic history of the classical guitar, as well as proper posture and tone. In addition, students will work toward developing a strong solo repertoire and perform an ensemble alongside classmates.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

17FCPA0167 | Fee: $77 | Meetings: 8
8/19 - 10/7 | Sa 10:30 a.m. to 12 p.m.

Learn How to Play Guitar - Level I
This course is designed for adults interested in learning to play simple chords and tunes. Students will learn to read music and how to perform basic chords.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

17FCPA0168 | Fee: $77 | Meetings: 8
6/17 - 8/5 | Sa 12 to 1:30 p.m.

Learn How to Play Guitar - Level II
This course will further the abilities of adults who have already played the guitar. A focus will be placed on learning pop charts and reading music.

Required materials: acoustic guitar, clip-on tuner, and footstool. Please note: students should purchase guitars appropriate to their size. Make sure to ask the salesperson at the music store.

7/8 - 7/15 | Sa 12 to 4 p.m.

COMMUNITY ENRICHMENT - ADULTS
YOu must be 18 and older to register for the following courses, except where indicated otherwise.
ENGLISH LANGUAGE INSTITUTE

YOU MUST BE 18 AND OLDER TO REGISTER FOR THE FOLLOWING COURSES, EXCEPT WHERE INDICATED OTHERWISE.

HOW TO APPLY TO THE ENGLISH LANGUAGE INSTITUTE (ELI):

1. Visit us at ppp.utep.edu
2. Scroll down and click on ENGLISH LANGUAGE INSTITUTE
3. Complete and submit your application form and supporting documents by the application deadline as listed in the Calendar and Fees document.
4. Registration fees must be paid before application can be processed.

After your application is processed, you will receive an email from ELI within 5 to 14 days on the status of your application.

Admission to the ELI is not the same as admission to the University of Texas at El Paso. If you wish to obtain admission to the University, you must apply there directly.

The English Language Institute (ELI) offers an excellent, English as a second language program for students from all over the world. ELI is specifically designed to help learners gain functional command of English in listening, speaking, reading, and writing. We provide a quality, intensive program for non-native speakers that meets the learning needs of our diverse student population. Our teachers and staff are ready to make your experience a remarkable one.

SAFETY AND SELF-DEFENSE

Firearms Courses
These courses are held continually and taught by George Brenzovich, a Texas state-certified LTC instructor, former police officer, and former UTEP collegiate shooting coach and NCAA Rifle coach of the year. Students must be at least 21 years old and be able to satisfy all federal and state regulations allowing firearm purchase and possession. Please contact Professional and Public Programs with Socorro Herrera for more information at 915-747-5142 or by email at ppp@utep.edu.

Firearm courses include:

- **Basic Firearms**: An introduction to and overview of the rifle, pistol and shotgun. The course focuses on safety, selection criteria, ammunition characteristics and firearm use. Instructor will inform student in this class how to select, and use the correct firearm and ammunition. Electronic training devices will be used. NON live firing class. Fee course $73.
- **Texas License to Carry**: One-day course for first-time license applicants. The first 5 hours of course will be a classroom lecture. The last hour of the course will focus on proficiency skills and shooting on the range or participants can schedule an hour shooting time with the instructor on another day. Fee course $90.
- **Firearms Forum**: This four-hour course will cover hot button community firearms issues. NON shooting class. Fee: $49.
- **Coaches Corner**: The course invites regional shooting coaches to discuss various firearms-related topics such as care, cleaning, maintenance, selection, ammunition testing, use, etc. NON shooting class. Fee course $40.

Refund Policies:

a) **Refunds for ELI Core Program**: A participant who chooses to drop a course three days or more prior to the first class meeting can be issued a full refund of the registration, less a $75 processing fee.

b) **Refunds for ELI Elective Courses**: A participant who chooses to drop a course three days or more prior to the first class meeting can be issued a full refund, less a $15 processing fee.

c) **Credit Vouchers for ELI Core or Elective Program**: A participant who chooses to withdraw from a course within one to two business days prior to the first class meeting will be issued a credit voucher, less a $15 processing fee.

Intermediate Photoshop
This class is a continuation of “Introduction to Photoshop” and “Introduction to Digital Photography and Photoshop.” The format of the course is participant-driven, with the student choosing which techniques and effects they wish to improve upon. Examples of potential topics include: working with layers, color correcting and photo montages.

Advanced Digital Photography
This class is designed for students who already have a solid understanding of digital photography and the working controls and functions of a digital camera. Course materials will place an emphasis on portrait, sports and landscape photography and how lenses, aperture and shutter speed settings can affect a photograph’s appearance.

Required materials: digital camera.

17SCP01002 | Fee: $50 | Meetings: 3
6/8 - 7/13 | Th 6 to 8 p.m.

ELI CORE SUMMER PROGRAM

ELI: Intensive English Program
This program is designed to help learners gain a functional command of English in grammar, listening, speaking, reading and writing. It caters to the beginning English speaker as well as advanced students seeking to enter a higher educational program. New students will be placed in appropriate levels according to their performance on a placement exam.

The Intensive English Program offers the following:
• Individualized attention
• Highly skilled instructors
• Exam preparation for the Test of English as a Foreign Language (TOEFL)

Classes meet Monday through Friday, from 8 a.m. to 1:20 p.m. In addition to core courses (25 hours a week), students may register for elective courses at an additional fee. Electives take place Monday through Friday from 1:30 to 2:45 p.m. and Saturday from 9 a.m. to 1 p.m.

Summer I 2017
Our Summer I programs are run as intensive 10-week sessions.

17SELI1000  | Fee: $1400  | Meetings: 49
6/5 – 8/11  | M, Tu, W, Th and F
8 a.m. to 1:20 p.m.

17SELI2001  | Fee: $119  | Meetings: 10
6/28 – 7/17  | M, Tu, W and Th 1:30 to 2:45 p.m.
No class on 7/4

Level III

17SELI2002  | Fee: $119  | Meetings: 10
7/18 – 8/2  | M, Tu, W and Th 1:30 to 2:45 p.m.

EVENING

ELI: Intensive English Program
Summer I 2017 – Basic
This intensive 27 session program is designed to help beginning English speakers gain a basic command of English in listening, speaking, reading and writing. In this highly interactive course, students will focus on grammar, reading and writing comprehension, as well as practice pronunciation for daily conversation.

17SELI1003  | Fee: $499  | Meetings: 27
6/5 – 7/12  | M, Tu, W, Th and F 6 to 8:30 p.m.
No class on 7/4

English Exchange I
This class is designed to help participants enhance their understanding and conversational knowledge of the English language. Additionally, an effort will be made to address the fears and anxieties that come with learning a new language. By the end of this course, you will be very comfortable and confident communicating in English. There are no tests, no books, just English conversation.

UTEP P3 Professional & Public Programs

The refund/credit policy for the following courses can be found on pages 4 and 33.
English Conversation: Level I
Linguists have found that people learn a second language more easily in a relaxed atmosphere. This course will put you at ease as you enhance your understanding of the English language. Learn how to make small talk, begin and end a conversation, and use gestures and expressions to enhance conversation. Students will practice this through recreations of situations, such as ordering food in a restaurant, speaking to coworkers in a business setting, and much more.

17SELI2801 | Fee: $119 | Meetings: 10
6/6 – 7/11 | Tu and Th 6 to 7:20 p.m.

No class on 7/4

TOEFL iBT Preparation Course (Internet-based Test) Summer I 2017
This course is designed to prepare students for the internet-based test of English as a Foreign Language (TOEFL iBT). Successful completion of the TOEFL iBT is required for admittance into American undergraduate and/or graduate programs. This course will cover all knowledge and skills evaluated by the TOEFL iBT: listening and reading comprehension, proper sentence structure, and vocabulary. Test-taking strategies will also be addressed to help students make the most of their time when taking the test.

17SELI3601 | Fee: $400 | Meetings: 15
6/6 – 7/27 | Tu and Th 6 to 8 p.m.

No class on 7/4

Pronunciation of English & Accent Reduction
In this course, students will strengthen their listening, speaking and pronunciation skills. The course emphasizes phonological rules, in particular, phonetic environments, stress, rhythm and inflection. Additionally, students will learn how to self-monitor and improve their English pronunciation.

17SELI2810 | Fee: $119 | Meetings: 10
6/9 – 8/11 | F 6 to 8 p.m.

English Book Club
Do you love to read books but don’t get to read in English as much as you would like? Then this class is for you! In this book club, students will practice through listening, speaking, reading comprehension, writing and presentations. This class will focus on reading books that promote discussion of the characters, as well as other issues. So sit back, enjoy a good book and get ready to discuss. This is a highly interactive class.

Summer I 2017
17SELI6010 | Fee: $159 | Meetings: 10
6/12 – 6/23 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

Continues for course: English Book Club Summer II 2017
17SELI6020 | Fee: $159 | Meetings: 10
7/10 – 7/21 | M, Tu, W, Th and F
9 a.m. to 12 p.m.

English Exchange II
This level II course focuses on a variety of everyday essential topics to ultimately improve your fluency, accuracy and ability to communicate. The course gives you extra practice to become fluent. The main idea of the course is to focus on the students’ ability to express themselves in everyday situations. Class activities include: group discussions, role plays, pronunciation and games. There are no books for this course.

17SELI2902 | Fee: $129 | Meetings: 10
7/10 – 8/9 | M and W 6 to 8 p.m.

This intensive 22 session program is designed to build upon the Basic Intensive Program, as well as help intermediate English speakers gain a basic command of English in listening, speaking, reading and writing. In this highly interactive course, students will focus on grammar, reading and writing comprehension.

17SELI1104 | Fee: $450 | Meetings: 22
7/13 – 8/11 | M, Tu, W, Th and F 6 to 8:30 p.m.

English Conversation: Level II
For those who want to continue sharpening their conversational skills, this intermediate-to-advanced level course in English as a Second Language expands on the activities begun in English Conversation: Level I. This level II session offers continued development of speaking and listening skills for effective communication in English by emphasizing the use of common idioms, dialogue practices, and presentations to encourage conversation.

17SELI2802 | Fee: $119 | Meetings: 10
7/13 – 8/15 | Tu and Th 6 to 7:20 p.m.

WEEKEND

ELI - Intensive English Program
This intensive 10 session program is designed to help beginning English speakers gain a basic command of English in listening, speaking, reading and writing. PAYMENT OPTIONS FOR LIVE LECTURE COURSES

Professional and Public Programs (P3) has a new Pre-Payment Plan designed to make registration payments even easier for your educational needs. In order to utilize this payment service, you must first enroll in a P3 live course, either in person at 102 Kelly Hall (located on the UTEP Campus) or by phone at (915) 747-5142. This free payment plan will allow you to make payments up to 5 days before the course is scheduled to begin, allowing the course to be paid in full before the start date.

Please note that any class not paid in full prior to the 5-day start date will incur a $25 processing fee and result in the participant being dropped from the class.

FINANCING OPTIONS

The Sallie Mae Smart Option Student Loan and other private loans are available for selected courses with registration fees greater than $500. These interest-free payment plans allow you to spread out the registration fees cost over the course duration. Plans are administered directly by Sallie Mae. Visit https://www.salliemae.com/00366198 for more information.

PRIVATE LOAN OPTIONS

Private student loans are not part of the federal student loan program and require a credit check. You may borrow from any lender you choose; however, some private loans are only eligible for credit courses and do not cover continuing education classes. Borrowing fees and coverage vary between lenders, so compare costs and choose the program that’s right for you.

THIRD PARTY BILLING

Professional and Public Programs will accept third party billing on behalf of a participant as a form of payment. The participant must submit a letter of credit from his/her employer, in which the employer agrees to make payment for the participant’s registration fees. The letter must state that the employer will make payment upon receipt of an invoice from P3. It must also state that payment is not contingent upon the participant’s course grades. Please contact (915) 747-5142 or ppp@utep.edu for more information.

MILITARY SPOUSE CAREER ADVANCEMENT ACCOUNT SCHOLARSHIP - MYCAA

The MyCAA Scholarship is a workforce development program that provides up to $4,000 of tuition assistance to eligible military spouses. P3 accepts MyCAA funding for approved live and online certificate courses. To ensure your eligibility for the MyCAA Scholarship, call a Spouse Education & Career Opportunities - SECO Career Counselor at 1 (800) 342-9647 or visit the MyCAA Spouse Portal online at https://aiportal.acf.af.mil/mycaa and provide the required Spouse Profile information. Click on UTEP to view your course options.

VOCATIONAL REHABILITATION FUNDING FOR DISABLED VETERANS (CH. 31)

The Department of Veterans Affairs offers funding for disabled Veterans with a disability of 10% or more. P3 accepts Vocational Rehabilitation Funding for approved live and online certificate courses. To begin the funding process, please visit www.ebenefits.va.gov and register with onapp or contact your local Vocational Rehabilitation Employment Office. The El Paso/Las Cruces local office number is (915) 772-2195.

Inform your case manager you have chosen to take a UTEP certification course.

NOTE: Not all payment plan options are applicable to all courses.

ED2GO CERTIFICATE COURSE ONLY

REFUND POLICY

Refunds will be issued, minus a 15% cancellation fee per course, cost of materials, and/or lab fees, if a written request is faxed to (915) 747-5538, emailed, or mailed and received three business days prior to the first day of a scheduled course. Refund requests must include your name, daytime telephone number, and the course number or name. This policy applies to all registrations, regardless of the payment method. Phone requests will not be accepted for a refund.

Exceptions for refunds:

- There are no refunds for online courses.
- Other refund policies may apply to Conferences, Customized Training & Services, and other special programs.

NOTE: Please allow 2 to 3 weeks for processing of refunds. No refunds will be given on or after the first class meeting. A $25 fee will be charged for returned or canceled checks.

Send your request via:

E-mail: ppp@utep.edu
Fax: (915) 747-5538
Mail: UTEP Professional and Public Programs
500 West University Avenue
Kelly Hall, Suite 102
El Paso, TX 79968-0602

INCLEMENT WEATHER AND EMERGENCY POLICY

If UTEP is closed due to inclement weather or emergency situations, area radio and TV stations will make an announcement. P3 adheres to the assessment of University officials to close the campus. Please tune in to your local radio stations and TV news stations to learn of campus closures. P3 cannot guarantee that they can contact course participants when the campus is closed due to inclement weather or emergencies. When in doubt, contact UTEP Police at (915) 747-5611; call P3 for announcements; or visit the UTEP website (www.utep.edu) or Facebook page. Refunds cannot be issued under this policy, but P3 will make every effort to make up canceled courses, on a case-by-case basis.
ENVIROMENTAL – ETI

The following courses are in partnership with:

ETI 302
STORM WATER POLLUTION PREVENTION PLANS (SWPP)
(1.6 CEUs / 16 HOURS)

This course covers the fundamental requirements of a storm water pollution prevention plan, including how to identify your facility's potential sources of pollution, discharge, or contamination, and methods to prevent and control storm water pollution. Discuss CWA, potential sources and contact zones, permitting (construction and MSGP) basic erosion and sediment control techniques. From new construction to plant operations, participants will gain an understanding of erosion and sedimentation challenges, as well as methods to monitor and evaluate the effectiveness of SWPPPs.

17SPEETI302 Meetings: 2
8/24 – 8/25 Th and F 8 a.m. to 5 p.m.
Registration Fee: $650

OCCUPATIONAL SAFETY AND HEALTH STANDARDS FOR GENERAL INDUSTRY
(3 CEUs / 30 HOURS)

This course covers the OSHA standards, policies, and procedures in general industry. Topics include: scope and application of the OSHA General Industry Standards, general industry principles and special emphasis on those areas in general industry which are most hazardous. Upon course completion, students will have the ability to define general industry terms found in the OSHA General Industry Standards, identify hazards which occur in general industry, locate and determine appropriate OSHA General Industry Standards, policies, procedures, and describe the use of OSHA General Industry Standards and regulations to supplement an ongoing safety and health program.

17SPO501 Meetings: 4
6/13 – 6/16 Tu, W, Th and F 8 a.m. to 5 p.m.
Registration Fee: $595

OSHA 511
TRAINER COURSE IN OSHA STANDARDS FOR GENERAL INDUSTRY
(3 CEUs / 30 HOURS)

This course covers the OSHA standards for the construction industry found in the Code of Federal Regulations (CFR) 1926 along with other relevant policies, procedures, and safety and health principles for the construction industry. Special emphasis is placed on those areas that are the most hazardous and most frequently cited by OSHA.

Prerequisites:
• Completion of the OSHA #511 - Standards for General Industry (copy of completion certificate required).
• Five (5) years of general industry safety and health experience. A degree in occupational safety and health, a Certified Safety Professional (CSP) or a Certified Industrial Hygienist (CIH) designation may be substituted for two (2) years of work related experience. Experience must be documented on the Prerequisite Verification Form and submitted to our office 7 business days prior to the class.

Email: OSHA@uta.edu
Fax: (817) 272-2556
Mail: The University of Texas at Arlington
OSHA Training Institute Education Center
140 West Mitchell Street
Arlington, TX 76019

Complete course details continue on next page.
PROFESSIONAL TRAINING AND DEVELOPMENT

FITNESS AND HEALTH

The following courses are in partnership with:

World Instructor Training Schools (WITS) is the only major certifying body in the country providing comprehensive practical training and internship components. WITS is an approved CEU provider for the Board of Certification for Athletic Trainers, the American Occupational Therapy Association, the National Certification Board for Therapeutic Massage and Bodywork and the International Association of Continuing Education and Training. The American Council on Education has recommended three undergraduate academic credits for this course.

7/10 – 8/16 M, T, and W 6 to 9 p.m.
Early Registration Fee: $1550
Registration Fee: $1650

YOU MUST BE 18 AND OLDER TO REGISTER FOR THE FOLLOWING COURSES.
LEADERSHIP DEVELOPMENT: HOW TO CULTIVATE A WINNING TEAM

(0.5 CEUs / 5 HOURS)

To be an effective leader, it is essential to explore both the skill and behavior necessary to cultivate and spearhead a winning team. Advanced influence, motivation, decision-making, conflict/negotiation strategies and meeting management will be examined in this course, along with materials and activities to reach their full leadership potential.

17SPPD1002 Meetings: 2
6/20 – 6/27 Tu 6 to 8:30 p.m.
Registration Fee: $120

CREATING HIGH PERFORMANCE TEAMS

(0.7 CEUs / 7 HOURS)

Today's successful work environment is more about the team rather than individual performance. Learn how to focus on day-to-day operations, and more importantly, the critical role that team performance has in the work environment.

17SPPD2016 Meetings: 1
8/11 F 9 a.m. to 5 p.m.
Registration Fee: $135

THE ETTIQUETTE OF LANGUAGE

UPDATED

(0.4 CEUs / 4 HOURS)

Ensure that the “first impression” others have of you and of your staff is represented in your verbal and written skills. When organizations have competent employees who communicate well, they gain the competitive edge.

17SPPD2013 Meetings: 1
8/18 F 9 a.m. to 1 p.m.
Registration Fee: $120

ENHANCE YOUR ORATORY SKILLS

NEW

(0.7 CEUs / 7 HOURS)

Reduce your fear of public speaking, by learning to organize, write and deliver talks confidently. Whether you’re speaking at conferences, delivering plans to associates, or asked to “say a few words,” this course will instill the confidence you need to communicate orally with others.

17SPPD2017 Meetings: 1
6/23 F 9 a.m. to 5 p.m.
Registration Fee: $135

SKILLED PROFESSIONAL SERIES

THE FUNDAMENTALS OF BRANDING YOUR OWN BUSINESS

(0.5 CEUs / 5 HOURS)

Gain a fundamental understanding of how to build, measure, position and manage a brand. Work on a brand project through group exercises, small group dialogue and group discussions.

17SPPD1001 Meetings: 2
6/6 – 6/13 Tu 6 to 8:30 p.m.
Registration Fee: $120

SUPERVISORY SKILLS...

A WORK IN PROGRESS UPDATED

(0.6 CEUs / 6 HOURS)

Impact begins with “I.” This course will reduce your anxieties - from being a member of a team to impacting and leading the team to successful execution of the plan.

17SPPD2010 Meetings: 1
6/9 F 9 a.m. to 4 p.m.
Registration Fee: $125

GOTTA MINUTE?...TIME MANAGEMENT

(0.4 CEUs / 4 HOURS)

Actions, such as completing projects on time, scheduling/prioritizing goals, as well as eliminating procrastination are key towards achieving peak daily productivity. This course will enhance one’s time management skills and strategies.

17SPPD2011 Meetings: 1
6/16 F 9 a.m. to 1 p.m.
Registration Fee: $120
